Abolition of Manual Scavenging

New Survey of Manual Scavengers

2.4 The National Advisory Council had, in its resolution dated 23.10.2010 on the issue of Manual Scavenging, observed that manual scavenging persists despite being outlawed and, inter alia, urged the Central Government to ensure that the practice of manual scavenging is fully abolished, in coordination with all the Central Government Departments, including the Railways, and concerned States/local Governments. The resolution, also urged conducting a new survey, with wide public involvement, of remaining dry latrines and manual scavengers.

A two-day consultation meeting was organized, in January, 2011, on the issues raised by the NAC, in this regard, with the participation of (i) concerned Central Ministries/Departments, ii) NCSK, iii) the States still having dry latrines and/or which had reported large number of manual scavengers, and (iv) reputed NGOs working for eradication of manual scavenging.

In pursuance of the NAC's resolution, and its subsequent recommendations dated 25.5.2011, regarding eradication of manual scavenging, this Ministry has prepared a draft Bill titled "The Insanitary Latrines and Manual Scavenging (Prohibition) and Rehabilitation of Manual Scavengers Bill, 2012", and is consulting States on its provisions.

7 Districts in the State of Manipur. Advanced Pilot Survey on the extent, pattern and trends of drug abuse in the State of Maharashtra, Manipur and Punjab

Amritsar, Imphal and Mumbai using the method of network sampling. The survey was conducted with the help of NGOs identified by the Ministry. The main objective of the pilot survey was to test the efficacy of sampling design and survey instrument to be adopted for a national survey. As the draft report of the pilot survey submitted by the NSSO in January 2011 does not give the realistic picture of the prevalence of drug abuse, it was decided that on the basis of experience gained during the first pilot survey, an advanced pilot survey for 3 States viz. Punjab, Maharashtra and Manipur be conducted in which the left out groups like street children, homeless and educational institutions should form part of the sample to be surveyed. - (i) *Break-through in implementation of NHFDC schemes in the state of Uttar Pradesh:* NHFDC signed a Memorandum of Agreement (MoA) with all the ten Regional Rural Banks (RRBs) in the state. As a result, an amount of Rs.4.6 crores could be channelized to nine RRBs for flow of collateral free concessional credit to PwDs in the state of U.P. under Credit Guarantee Scheme of Govt. of India with refinance from NHFDC.
- (ii) *Execution of General Loan Agreement (GLA) with Bihar State Backward Classes Finance & Development Corporation (BSBCFDC):* NHFDC pursued vigorously with Govt. of Bihar and with continuous follow up with the state government and SCA, the GLA got executed with BSBCFDC in February 2012 for implementation of NHFDC schemes in the state of Bihar. It is expected that flow of NHFDC concessional credit to PwDs of Bihar will start shortly.

In order to focus on the need of quality skill training courses based on Modular Employment skills as per the guidelines of Director General, Employment & Training, Ministry of Labour & Employment, NHFDC took initiatives to tie-up with VRCs for Handicapped for providing quality skill training programmes to PwDs all over the country. CHAPTER 3 - ELEVENTH FIVE YEAR PLAN, 2007-12, AND ANNUAL PLAN, 2011-12

3.1 Introduction

3.1.1 The Eleventh Five Year Plan, 2007-12, aims at faster and more inclusive growth. It seeks to achieve inclusiveness through significant improvements in literacy/education and health, greater employment opportunities, and greater focus on disadvantaged groups. Inclusive growth connotes a growth process, which yields broad based benefits and ensures equality of opportunity for all especially the disadvantaged sections like the Scheduled Castes, the Scheduled Tribes, Other Backward Classes, minorities, persons with disabilities and women.

3.1.2 The Eleventh Five Year Plan document, as approved by the National Development Council on 19.12.2007, was, after finalization and printing, circulated by the Planning Commission in November, 2008. Chapter 6 ("Social Justice") of "Volume I: Inclusive Growth" of the XI Plan document deals, inter-alia, with the subjects of Scheduled Castes, Other Backward Classes, Persons with Disabilities, Senior Citizens and Victims of Substance (Drug) Abuse. The target group-wise approach, as spelt out in the above Eleventh Five Year Plan document, is summarized below:

3.2 Target Group-wise Approach as spelt out in the XI Five Year Plan, 2007-12

3.2.1 **Scheduled Castes:** The strategy for development of Scheduled Castes is educational and economic development and empowerment, protective measures and reservation. Details of the approach as outlined in the Eleventh Plan Document are given below:

(a) Educational Development

(i) Elementary Education:

- Incentives in the form of abolition of tuition fee, free supply of books, mid-day meals, scholarships etc.
- Revision of funding pattern of Pre-Matric Scholarships for children of Scavengers from 50:50 to 100%.
- Special attention to be given for retention of SC students in Schools and quality of teaching for them.

(ii) Post Matric Education

- The issue of committed liability to be borne by States which always prevents them from coming forward to access the Central assistance under Post-Matric Scholarship for SC students for pursuing higher education in various courses needs to be addressed.
- SC students should have the opportunity to study in quality institutions.
- To enable SC students to access top class educational institutions including those in private sector, financial assistance need to be extended.
- To encourage SC students to prepare for various competitive examinations, the existing scheme of coaching for SCs students need to be modified to cover fees charged by reputed coaching institutes.

- Reimbursement of the total fee charged by private unaided institutions in higher technical and professional education.
- Need to increase the existing number of fellowships under Rajiv Gandhi National Fellowship for SC students for pursuing higher studies including M.Phil and Ph.D degrees.
- SC students who cannot continue their education after schooling be provided with vocational training/ skill training programmes in ITIs, polytechnics, etc. These institutes should have adequate seats on population basis and should be located closer to SC concentration areas.

(b) Economic Development

- Commission on Land Reforms will be set up to look into the issues of (a) continued possession and effective uses of land distributed earlier to SCs under various programmes/ legislative interventions; and (b) availability of land for distribution to SCs/STs/landless families.
- Special programmes of employment are necessary to reduce the increasing unemployment among SCs. Priority needs to be given to SCs in the Employment Guarantee Scheme with proper monitoring of coverage.
- The labour force need to be provided with job-oriented training under the Apprentice Act to enable them to have better opportunities.
- Large numbers of SCs depend on agricultural wages to sustain themselves and thus agricultural wages need to be revised every five years.
- National Finance and Development Corporation for SCs and Safai Karamcharis and State level SCDCs providing credit to SCs have been facing the problem of low recovery rate of loans from the beneficiaries. There is need to restructure the schemes so that they become more sustainable. Further, the corporations need to be thoroughly professionalized so that programmes financed by them help develop entrepreneurial skills of the loanees. The capital available at their disposal may be increased substantially.
- A new scheme "Self Employment Scheme for Rehabilitation of Manual Scavengers" formulated to rehabilitate scavengers through training, and extension of loans and subsidies in a time bound manner should be implemented in a missionary mode with commitment and zeal.

(c) Protective Measures

- There is a need to complement the Protection of Civil Rights Act, 1955 and Scheduled Castes and Scheduled Tribes (Prevention of Atrocities) Act, 1989 with a promotive legislation which should cover the rights of SCs with respect to education, vocational training, higher education and employment. Such a legislation may be drafted which clearly spells out what is to be done and who should do it.
- The implementation of the PCR Act 1955 and SC and ST (POA) Act, 1989 have to be enforced in letter and spirit to bring about speedy justice to the aggrieved.
- Elimination of caste-based discrimination and harassment in educational institutions should be ensured by institutions by establishing 'Equal Opportunity Offices'.

(d) **Reservation for Scheduled Castes**

- Action needs to be taken to clear the backlog in filling up SC reserved posts of various categories in the Government. The Government shall also explore all possibilities of introducing affirmative action including reservations in the private sector.
- There is a need to ensure effective and meaningful implementation of Scheduled Caste Sub Plan (SCSP).
- A Committee for monitoring implementation of the programmes under SCSP will be set up which will ensure that each Ministry's allocation of SCSP is indicated well in advance. If any particular Ministry is not able to utilize the earmarked allocation action should be initiated to transfer the unused fund available to those Ministries/Departments which have implemented the SCSP/TSP more effectively.

3.2.2 **Other Backward Classes:** The strategy for development of Other Backward Classes is educational, economic and social development. Details of approach in each measure are given below:

(a) **Educational Development**

(i) **Elementary Education**

- Reservation in all the Central and Centrally aided schools needs to be ensured.
- Pre-Matric Scholarship scheme should be revised by enhancing the income ceiling for eligibility and rate of scholarship and maintenance allowance, as this has not been revised since 1998.
- Incentives in the form of abolition of tuition fee, free supply of books, mid-day meals, scholarships etc.

(ii) **Post Matric Education**

- Continued education through the secondary and higher education stages must be ensured.
- Reservation in all the Central and Centrally aided colleges/ professional institutes needs to be ensured.
- Post-Matric Scholarship scheme should be revised by enhancing the income ceiling for eligibility and rate of scholarship and maintenance allowance, as this has not been revised since 1998.
- The existing coaching scheme for OBCs needs to be revised to attract good, professionally reputed coaching institutions.
- Wherever hostel facilities are not available for OBC students, they should be provided facilities in general hostels by earmarking a certain percentage of seats for them.
- National Overseas Scholarship Scheme for OBCs should also be formulated similar to those for SCs and STs so that OBC students can also go abroad for better educational and professional courses which are generally not available in the country.

(b) **Economic Development**

- There is a need to ensure up gradation of skills of Backward Classes categories so that they can compete better in the market.

- Credit flow must be unhampered and easy to access, especially in occupations which have been the traditional forte of OBCs.
 - A suitable marketing strategy needs to be worked out on the lines of TRIFED to market the products manufactured by small artisans.
 - The strength and capability of NBCFDC should be augmented.
- (c) Social Development
- Proper demographic data on OBCs is necessary for formulating realistic policies and programmes for their development.
 - The Government should identify occupational diseases prevalent among the backward classes' people and take steps to prevent and treat such diseases.
 - The income ceiling of Rs 2.5 lakh per annum for purposes of obtaining OBC certificates may be periodically reviewed to make it more realistic.

3.2.3 De-notified, Nomadic and Semi-Nomadic Tribes: For the upliftment of their well-being, the strategy is educational and economic development.

(a) Educational Development

- Due to their family's mobility from one place to another, children in such tribes remain deprived educationally. Mobile schools of high quality should be set up to meet their specific needs.

(b) Economic Development

- Nomadic, Semi-Nomadic and De-notified tribes reside in secluded places. Arrangement should be made to extend the benefit of the flagship programmes to these areas on a priority basis.

3.2.4 Persons with Disabilities : The strategies for rehabilitation of persons with disabilities are given as under:

(a) Review of Existing Laws

- There is an urgent need to review all the four disability legislations and to amend them suitably to bring them in consonance with UNCRPD.

(b) Setting up New Institutions

- The Disability Division of the Ministry of Social Justice & Empowerment should be strengthened by converting into a separate department so that it can liaise effectively with all other concerned Ministries/Departments and fulfill its responsibilities towards the disabled.
- To promote greater accessibility and a barrier-free environment to the disabled, a new National Institute of Universal Design will be set up.
- Disability units will be set up in the University Grants Commission (UGC), All India Council for Technical Education (AICTE), National Council of Educational Research and Training (NCERT), Kendrya Vidyalaya Sangathan (KVS), and all other apex educational bodies.
- A National Centre to facilitate and support the development of universal design and barrier-free built environment will be established.

- Sign Language Research and Training Centre will be established which will be devoted to the development and promotion of sign language and training of teachers and interpreters.
- A National Captioning Centre will also be set up to provide sub-titling and captioning services.
- At least one residential special school up to Class XII and one Degree college for the deaf in every zone should be established to promote their educational development.

(c) Strengthening Existing Institutions/Programmes

- Central level and Commissioners at the State level need to be strengthened by providing professional and budgetary support, granted more autonomy so that their recommendations are binding on the Centre as well as on State and local level authorities. These offices should ensure that various Ministries/ Departments effectively perform their functions in relation to people with disabilities.
- National Institutes be strengthened as Centres of Excellence at par with international standard.
- Efforts will be made to strengthen and develop trained human resource to address the growing magnitude of mental disabilities.
- All National Institutes should undertake activities of community outreach to meet the needs of the disabled people in slums, tribal belts, semi-urban and rural areas.
- During the Tenth Plan, only 128 DDRCs were operationalised. The remaining 71 centres will also be made operational. Concerted effort will be made so that at least 300 districts are covered under the Scheme.
- To allocate adequate funds for strengthening ADIP Scheme, the income ceiling for availing assistance will be raised to Rs 10,000 per month. Moreover, the ceiling for purchase/ fitting of aids and appliances should also be enhanced to Rs 25,000 per month.
- For manufacturing aids and appliances, there is need to enhance the production capacity and ALIMCO should not be a monopoly supplier. The approach should be to provide the best possible assistive devices by encouraging multiple manufacturers, and even through imports.

(d) Timely issuance of Disability Certificate

- The Health Ministry will ensure that before the end of the Eleventh Plan, every disabled person possesses a disability certificate.
- A disabled person should be able to get his/her disability certificate within 30 days of making an application.

(e) Educational Support

- The scholarships provided by the Central Government and stipends for pre-matric education, mostly provided by the States, should be made equivalent to similar scholarships and stipends given to students belonging to the SCs and STs.

- The scheme for postgraduate and professional education should be strengthened and expanded.
- Deserving persons with disabilities should be supported for training/education abroad, especially in studies relating to disability.

(f) Employment and Reservation for persons with disabilities

- The backlog of vacancies for persons with disability continues to be large, both at the Centre and in the States. This backlog should be cleared in a time-bound manner and in a campaign mode.
- Scheme to provide incentives to promote employment for disabled people in the private sector should be put in place.

(g) Creation of Barrier-free environment

- Concerted effort should be made to make all public buildings and facilities such as schools, hospitals, public transport, and so on, compliant with the requirements of a barrier-free built environment.

3.2.5 Senior Citizens: The strategies for senior citizens are given as under:

- To bridge the gap in services to senior citizens between rural and urban areas.
- A National Association for older persons will be set up to take up issues regarding protection of life and property and special protection needs of older persons with concerned agencies.
- The National Old Age Pension schemes will now be extended to all BPL persons above the age of 60 years.
- A pension of Rs 200 per month will be provided and States will be requested to add another Rs 200 to this scheme.

3.2.6 Victims of Substance (Drug) Abuse : The strategies for victims of substance (drug) abuse are given as under:

- Thrust will be given to the prevention of drug abuse by ensuring effective involvement of parents, community, schools and colleges.
- Efforts will also be made to involve the corporate sector, civil society and other institutions like religious and elected bodies, to prevent drug abuse.
- There is a need to have a National Policy on Drug Abuse Prevention and Rehabilitation.
- The ongoing programmes of the National Institute of Social Defence (NISD) such as collection of statistics, documentation, research and programmes for training pertaining to prevention of drug abuse and care of older persons to continue. The training programme should be organized both in-house as well as in collaboration with other organizations working in related areas.

3.2.7 **Beggars** : Beggary is a complex social problem and needs legislative, reformative and rehabilitative interventions. States are responsible for taking preventive and rehabilitative steps. There is a need to address the problem in a holistic manner at the national level.

CHAPTER 4 - SCHEDULED CASTES

4.1 An Overview

4.1.1 Indian society historically had a rigid, occupation-based, hierarchical caste system in which the relative place of a caste in the social hierarchy was determined largely by its traditional occupation. In particular, those performing 'unclean' or supposedly 'polluting' tasks came to be regarded not merely as 'low' castes but as 'untouchables'. The practice of 'untouchability' resulted in great injustice to the members of the concerned castes because they were discriminated against in every respect, and denied ownership of productive assets like land, as well as basic rights like education and equality, which resulted in perpetuation of their extreme socio-economic deprivation.

4.1.2 The 1931 Census, for the first time systematically categorized certain castes as 'depressed classes'. Thereafter, the Government of India Act, 1935, for the first time, provided for notification of socially disadvantaged castes as 'Scheduled Castes', and a list of such castes was accordingly notified in the Government of India (Scheduled Castes) Order, 1936. The elections to provincial assemblies in British administered areas held in 1937 under the above Act, provided seats reserved exclusively for Scheduled Caste candidates.

4.1.3 The Constitution of India, which came into effect on 26.1.1950, inter-alia, abolished "untouchability" and provided several special safeguards for the Scheduled Castes, so as to ensure that they are able to attain equality with the other social groups in the shortest possible time. These safeguards enabled reservation in elections to the Lok Sabha and State Legislative Assemblies, and reservation in Government jobs. Important provisions of the Constitution pertaining to the Scheduled Castes are mentioned in Para 1.4 of Chapter 1.

4.1.4 The Ministry of Social Justice & Empowerment is the nodal Ministry to oversee the development and empowerment of the Scheduled Castes. Though the primary responsibility for this rests with various Central Ministries and State Governments/Union Territory Administrations, the Ministry of SJ&E has been assigned nodal responsibility in this regard, which also complements their efforts by way of interventions like scholarships, hostels, concessional loans, etc. The Ministry also monitors the efforts made by State Governments/ UT Administrations and Central Ministries in development and empowerment of the Scheduled Castes.

4.2 Definition and Specification of Scheduled Castes

4.2.1 Definition of Scheduled Castes

'Scheduled Castes' are defined in Article 366(24) of the Constitution of India, as - "such castes, races or tribes or parts of or groups within such castes, races or tribes as are deemed under article 341 to be Scheduled Castes for the purpose of the Constitution."

4.2.2 **Specification of a caste as a Scheduled Caste** : Article 341 of the Constitution deals with specification of a caste as a Scheduled Caste and reads as under:-

"341. Scheduled Castes

- (1) The President may with respect to any State or Union Territory and where it is a State after consultation with the Governor thereof, by public notification, specify the castes, races or tribes or parts of or groups within castes, races or tribes which shall for the purposes of this Constitution be deemed to be Scheduled Castes in relation to that State or Union Territory, as the case may be.
- (2) Parliament may by law include in or exclude from the list of Scheduled Castes specified in a notification issued under clause (1) any caste, race or tribe or part of or group within any caste, race or tribe, but save as aforesaid a notification issued under the said clause shall not be varied by any subsequent notification."

4.2.3 So far the following six Constitutional Orders have been issued, specifying "Scheduled Castes" in 26 States & 5 Union Territories:

- (i) The Constitution (Scheduled Castes) Order, 1950,
- (ii) The Constitution (Scheduled Castes) (Union Territories) Order, 1951,
- (iii) The Constitution (Jammu and Kashmir), Scheduled Castes Order, 1956,
- (iv) The Constitution (Dadra and Nagar Haveli) Scheduled Castes Order, 1962,
- (v) The Constitution (Pondicherry), Scheduled Castes Order, 1964,
- (vi) The Constitution (Sikkim) Scheduled Castes Order, 1978.

4.2.4 The above orders have been amended by Acts of Parliament from time to time, the last being in the year 2007. A total of 1208 castes have so far been specified as Scheduled Castes. State-wise list of number of castes notified as Scheduled Castes is at **Annexure-4.1**.

4.2.5 **Criteria and Procedure for "Specifying" a Caste as a Scheduled Caste:** Criterion followed for inclusion of a community in the list of Scheduled Castes is **extreme social, educational and economic backwardness arising out of the traditional practice of untouchability**.

4.2.6 The Government of India had laid down Modalities in June, 1999, as subsequently amended in June, 2002 for considering modifications in the lists of Scheduled Castes and Scheduled Tribes, which involve following steps:-

- (i) The complete proposal with ethnographic support, to modify the existing list of Scheduled Castes is made by the concerned State Government/Union Territory Administration.
- (ii) The proposal is then referred to the Registrar General of India (RGI), for seeking comments.
- (iii) The proposal once not agreed to by the RGI, is referred back to the concerned State Government/Union Territory Administration, for seeking further justification of their proposal, in the light of the comments of the RGI.
- (iv) The proposal if received back from concerned State Government/Union Territory Administration, with further justifications, is again referred to the RGI for consideration.

- (v) If the proposal is not agreed to by the RGI second time, it is rejected with approval of Minister for Social Justice & Empowerment.
- (vi) The proposal agreed to by the RGI, is referred to the National Commission for Scheduled Castes (NCSC), for seeking comments.
- (vii) The proposal not agreed to by the NCSC is rejected with approval of Minister for Social Justice & Empowerment.
- (viii) Such proposals, which have been agreed to by the RGI and the NCSC are processed further and introduced as a Bill for consideration and passing by the Parliament under Article 341(2) of the Constitution of India.

4.3 Statutory Framework

4.3.1 Relevant Constitutional Provisions: The Constitution contains several provisions in the nature of safeguards for the Scheduled Castes, which may be seen in Chapter 1 (para 1.4). The following two Acts specifically aim at curbing (i) untouchability and (ii) atrocities against SCs and STs, and are therefore very important for the Scheduled Castes:-

- (i) The Protection of Civil Rights Act, 1955, and
 - (ii) The Scheduled Castes and the Scheduled Tribes (Prevention of Atrocities) Act, 1989.
- Main features of the Acts are given in sub-paras 4.3.2 and 4.3.3 respectively.

The Act extends to the whole of India and provides punishment for the practice of untouchability. It is implemented by the respective State Governments and Union Territory Administrations.

A. Main provisions of the Protection of Civil Rights Act, 1955, are as under:-

- 3) **Structure and Mechanisms for implementation of the PCR Act in various States/UTs is as under:-**

4.3.2.2 The Act provides for (i) Legal Aid, (ii) Special Courts, (iii) Committees to assist State Governments for implementation of the Act, and (iv) special police stations. Details are given below:

- (i) **Legal Aid:** Section 15A(2)(i) of the Protection of Civil Rights Act, 1955, provides for adequate facilities, including legal aid to the persons subjected to any disability arising out of 'untouchability' to enable them to avail themselves of such rights
- (ii) **Special Courts:** Section 15A(2)(iii) of the Protection of Civil Rights Act, 1955, provides for setting up of special courts for trial of offences under the Act.

The State and District Level Vigilance and Monitoring Committees, which review the implementation of the Scheduled Castes and the Scheduled Tribes (Prevention of Atrocities) Act, 1989, wherever required also review the Protection of Civil Rights Act, 1955.
- (iv) **Special Police Stations:** Special Police Stations for registration of complaints of offences against SCs and STs have been set up. The Central assistance is provided to the States to the extent of 50% of the expenditure incurred by them on the police stations over and above their committed liability.

4.3.2.3 The States/UTs wise details indicating the measures taken for implementation of the Act is at **Annexure 4.2.**

- (i) **Conversion of dry latrines into water sealed latrines:** Existence of dry latrines is the root cause of manual scavenging. Accordingly, a scheme called the Integrated Low Cost Sanitation Scheme (ILCS) was introduced in 1980-81 for urban areas. This scheme, currently being implemented by the Ministry of Housing and Urban Poverty Alleviation (MOHUPA), aims at conversion of the remaining dry latrines into water seal latrines. Under the Scheme, subsidy is provided to households belonging to economically weaker sections for construction of water borne latrines. In the rural areas, Ministry of Rural Development is implementing Total Sanitation Campaign (TSC), since 1999, which aims to provide sanitary toilets to all the rural households by 2012.
- (ii) **Rehabilitation of Manual Scavengers:** A National Scheme of Liberation and Rehabilitation of Scavengers and their Dependents (NSLRS) was started in March, 1992 to rehabilitate manual scavengers and their dependents in alternative occupations. As per reports received from State Governments from time to time, there were about 7.70 lakh manual scavengers and their dependents, to be rehabilitated under NSLRS. Out of this, about 4.28 lakh beneficiaries were assisted for rehabilitation, during the period of implementation of NSLRS.

This Ministry formulated a 'Self Employment Scheme for Rehabilitation of Manual Scavengers' (SRMS) which was introduced in January 2007 with the objective of rehabilitating remaining manual scavengers and their dependents by March, 2009, which was subsequently extended up to 31.3.2010. Under the Scheme, the identified beneficiaries are provided loan, at subsidized rate of interest, and credit linked capital subsidy for setting up self employment projects. It also has liberal provisions for training of beneficiaries in marketable skills to enhance their employability. They are paid stipend of Rs. 1000 per month during the period of training.

Implementation of SRMS

4.7.5.3 As per the updated number reported by States/UTs after launch of the Scheme, about 1.18 lakh manual scavengers and their dependents in 18 States/UTs were identified for implementation of the Scheme. All these States/UTs have confirmed disbursement of loans for alternative occupations to all eligible and willing 78,941 beneficiaries. State/UT wise details are given at Annexure-4.23. Several States

reported that a number of beneficiaries identified by them could not be provided loan due to various reasons. These reasons included (a) being unwilling to take loan, (b) already employed, (c) death, migration or not being traceable, (d) wrong identification etc. As these reports were being received from the State Channelising Agencies, which are the implementing agencies at the State level, State Governments were requested to thoroughly verify these figures and confirm it. Confirmation in this regard has been received from all concerned State Governments and Govt. of NCT of Delhi. State Channelising Agency of Puducherry has reported coverage of all identified, eligible and willing beneficiaries.

Further Action Plan

4.7.5.4 After having completed disbursement of loans to all the eligible and willing beneficiaries for self employment, the Ministry requested all concerned States/UTs for:

- (i) close monitoring and mentoring of the beneficiaries by the District Administration and the concerned State Corporation/State Channelising Agency (SCA) to ensure that each beneficiary is sustainably employed in his/her chosen alternative occupation.
- (ii) 100% internal audit of achievements by the offices of State Governments and SCAs, and at least 25% external audit through the State Commissions for Safai Karamcharis/SCs (wherever in existence), other independent agencies, and the National Commission for Safai Karamcharis to confirm that:
 - (a) loan and subsidy were actually disbursed to beneficiaries,
 - (b) assistance is being properly utilized and
 - (c) they have given up manual scavenging.

External audit shall in addition:

- a) check with the originally identified beneficiaries, who could reportedly not be extended loan due to their being either unwilling or ineligible to take loan, so as to confirm that the reasons for their not having been financed were genuine,
- b) confirm that no eligible and willing beneficiary was left over under SRMS and
- c) if any residual cases come to light during the above audit exercise, which should have been covered under SRMS but got left out for any reasons, they should now be covered.

So far, external audit reports of Gujarat, Maharashtra, Rajasthan and Tamil Nadu and internal audit report of Himachal Pradesh have been received. The other concerned States/UTs are being pursued to send their reports, regularly. Implementing agencies have also been requested to place detailed information in a prescribed format, about each identified beneficiary on the websites of national finance and development corporations, State Governments and concerned districts, so as to make it accessible to all, and open to public scrutiny. So far, out of 1.18 lakh identified beneficiaries, information of more than 1 lakh beneficiaries has been placed on the websites of the Apex Finance and Development Corporations of the Ministry.

Resolution of National Advisory Council (NAC)

4.7.5.5 The National Advisory Council in its resolution dated 23.10.2010 on the issue of Manual Scavenging, had urged the Central Government to ensure that the practice of manual scavenging is fully abolished latest by the end of the 11th Plan Period i.e. 2011-12, in coordination with all the Central Government Departments, including the Railways, and concerned States/local Governments. The resolution states that this would require:-

- (a) new survey in every State and UT, with wide public involvement, of remaining dry latrines and manual scavengers;
- (b) demolition of all dry latrines;
- (c) psycho-social and livelihood rehabilitation in modern marketable skills of all manual scavengers and their families, and formulation of 100% Centrally Sponsored Scheme by the Ministry of Social Justice and Empowerment to support the rehabilitation initiative;
- (d) special programme for education, including higher education and computer education, of all children of manual scavengers; and
- (e) to amend the law to ensure sharper definition of manual scavenging, and accountability of public officials who employ, or fail to prevent, manual scavenging.

4.7.5.6 Meanwhile to consider further action on the recommendations of the NAC, two meetings were held in November, 2010, among the Secretaries of Ministries of House and Urban Poverty Alleviation, Social Justice and Empowerment, and Urban Development, as all the three Ministries are concerned with the matter. A senior representative of the Ministry of Railway also attended. These meetings were followed by a meeting of the Central Monitoring Committee (CMC) in December, 2010, under the Chairmanship of the Cabinet Secretary. A two-day consultation meeting was organized, in January, 2011, on the issues raised by the NAC, in this regard, with the participation of (i) concerned Central Ministries/ Departments, ii) NCSK, iii) the States still having dry latrines and/or which had reported large number of manual scavengers, and (iv) reputed NGOs working for eradication of manual scavenging. The objective of the consultation meeting was to enable planning of a detailed action on the five recommendations of the NAC.

New Initiatives

4.7.5.7 **New Survey of remaining Manual Scavengers and their dependents:** In pursuance of the consensus which emerged in the Consultation Meeting, the Ministry had constituted a Task Force on 28.2.2011, to recommend detailed modalities for undertaking a fresh survey of manual scavengers who are yet to be rehabilitated, and their dependents. The task force, submitted its report on 6.5.11 and the same has been finalised in the light of NAC's subsequent recommendations dated 25.5.11, on eradication of manual scavenging in continuation of its earlier resolution dated 23.10.2010, mentioned above. Accordingly, a Scheme for Survey of Manual Scavengers and their Dependents under the Self Employment Scheme for Rehabilitation of Manual Scavengers (SRMS) has been approved by the Govt. in Dec., 2011, at an estimated cost of Rs. 35 crore. The process for undertaking the survey, including appointment of a National Level Technical Agency (NTA), has been initiated.

4.7.5.8 New law for prohibition of Employment of Manual Scavengers and their rehabilitation: Further, in pursuance of the NACs resolution of 23.10.10 and its subsequent recommendations dated 25.5.2011, regarding eradication of manual scavenging, and as decided in the 7th Meeting of the Central Monitoring Committee held on 19.7.2011, under the Chairmanship of the Cabinet Secretary, this Ministry had prepared a draft Bill titled "The Insanitary Latrines and Manual Scavenging (Prohibition) and Rehabilitation of Manual Scavengers Bill, 2012". The Ministry of Law and Justice have confirmed that the Bill can be enacted under entry 97 of List I of Schedule VII of the Constitution, read with entries 20, 23-24 of List III. The process to finalise the Bill is underway.

Action Taken on Cases Reported by NGOs

4.7.5.9 Safai Karamchari Andolan (SKA) had, vide their letter dated 30.12.2010, furnished list of 4,833 persons allegedly still engaged in the practice of manual scavenging in 14 States. Later, vide their letter dated 12.5.11, SKA sent another list of 2154 active and 643 liberated manual scavengers in 8 States. Garima Abhiyan, another voluntary organization working for eradication of manual scavenging, vide their letter received in the Ministry on 20.5.2011, also sent a list of 2732 manual scavengers in respect of 3 States viz. Madhya Pradesh, Rajasthan and Uttar Pradesh. The lists received from SKA and Garima Abhiyan was sent to the concerned State Govts. on 4.1.2011, 18.5.2011 and 25.5.2011 for immediate verification of persons in the list and for taking action for rehabilitation of eligible manual scavengers. As per reports received from the State Govts., the position as on 31.03.2012 is tabulated below:

| Total No. of Persons reported by the above NGOs as allegedly engaged in Manual Scavenging | Verification of persons completed out of column (1) | Persons which remain to be verified | Persons found engaged in Manual Scavenging | Persons rehabilitated out of Column (3) |
|---|---|-------------------------------------|--|---|
| 10362 | 9487 | 865 | 1041 | 719 |

State-wise details of lists provided by these NGOs and the status of their verification are given at Annexure 4.24.

4.7.6 Flow of Funds for the Development of Scheduled Castes

Scheduled Castes Sub Plan (SCSP)

4.7.6.1 The strategy of Scheduled Caste Sub Plan (SCSP) (earlier known as Special Component Plan for Scheduled Castes) is in force since 1979-80, to ensure proportionate flow of Plan resources for the development of Scheduled Castes. Guidelines on formulation, implementation and monitoring of SCSP (& TSP) had been issued by the Planning Commission from time to time. Consolidated guidelines in this regard were last issued to 62 Central Ministries/Departments in December, 2006, for implementation from the Annual Plan, 2007-08. These, inter alia, required concerned Ministries to earmark funds under SCSP from the Plan outlay, at least in proportion to the percentage of SC population in the country, which was 16.2% as per census, 2001. Implementation of these guidelines has however been highly inadequate. In

view of this, and at the instance of this Ministry, the Planning Commission, vide its Order dated 4-6-2010, had constituted a Task Force under the Chairmanship of its Member, Dr. Narendra Jadhav, with Secretaries of Ministries of SJ&E and Tribal Affairs and Principal Secretaries of four States as Members, to re-examine and revise the extant Guidelines for implementation of SCSP (& TSP).

4.7.6.2 The Task Force submitted its report regarding revision of SCSP/TSP guidelines in respect of Central Ministries / Departments on 25th November, 2010. Based on its recommendations, the Planning Commission issued instructions to concerned Central Ministries, vide letter dated 15.12.2010 of the Member-Secretary, for introduction of a modified system of SCSP and TSP from the Annual Plan, 2011-12, under which different Ministries/Departments will have different obligations to earmark funds under SCSP (and TSP) depending on their nature of work. So far all Ministries/Departments were required to earmark a uniform 16.2 per cent of their Plan outlay under SCSP, but in the new system proposed, only 25 Ministries / Departments would be required to earmark varying percentages of their Plan outlay under SCSP, so however that, overall, at least 16.2% of the total Central Plan outlay, as appearing in Statement 12 of Expenditure Budget (Vol.I), gets earmarked under SCSP. Once fully implemented, this will be a major step towards transparent earmarking of funds meant for SCs, and their utilization for SCs' benefit.

4.7.6.3 As per information provided by the Planning Commission, out of the total Central Plan Outlay for 2011-12 of Rs.3.36 lakh crore, an amount of Rs.0.31 lakh crore has been earmarked by the 25 Ministries/ Departments (which were obliged to earmark funds under SCSP as per Planning Commission's D.O. letter dated 15.12.10), as against the stipulated amount of Rs.0.54 lakh crore (16.2%). The details of Central Ministry-wise stipulation and earmarking under SCSP are at **Annexure 4.25**.

Flow of Institutional Credit to SCs

4.7.6.4 RBI issues master circular every year for priority sector lending containing the targets, guidelines as well as the system of periodical reporting in the prescribed format by the public sector and private sector commercial banks. The credit facilities to scheduled Castes/Scheduled Tribes by the commercial banks are covered under a sub-category 'advances to the weaker sections' under priority sector lending. Separate circulars are also issued by RBI for Credit facilities to Scheduled Castes (SCs) & Scheduled Tribes (STs) both under priority sector lending and the Differential Rates of Interest Scheme. As per these circulars issued by the RBI, commercial banks furnished the returns to RBI on credit facilities to SCs/STs indicating the number of accounts and outstanding balances under these accounts. The details of number of accounts opened for giving credit to SCs/STs, outstanding balance under the accounts as on 31.3.2009 and their share in the total priority lending are given in **Annexure 4.26** With this information, it is very difficult to monitor the flow of credit to these communities without prior specification of any norms/ targets. Ministry of Finance has therefore been requested that requisite information may be provided for the SCs in the form of a matrix indicating clearly the target for the current year, flow of credit during the year, outstanding credit at the close of year etc. and a review mechanism may be institutionalized for regulated monitoring of flow credit to priority sectors especially to the mandated categories viz. agriculture, weaker sections and under the DRI scheme.

4.8.2 Pilot Scheme of Pradhan Mantri Adarsh Gram Yojana (PMAGY)

Background

4.8.2.1 The Finance Minister, in his Budget Speech, 2009-10, delivered on 6.7.2009, announced launching of a new scheme, namely "Pradhan Mantri Adarsh Gram Yojana", on pilot basis, to cover 1000 villages with more than 50% SC population. The relevant para of the speech reads as under:

"46 (v) Pradhan Mantri Adarsh Gram Yojana (PMAGY): There are about 44,000 villages in which the population of Scheduled castes is above 50 percent. A new scheme called Pradhan Mantri Adarsh Gram Yojana (PMAGY) is being launched this year on a pilot basis, for the integrated development of 1000 such villages. I propose an allocation of Rs. 100 crore for this scheme. Each village would be able to avail gap funding of Rs. 10 lakh over and above the allocations under Rural Development and Poverty Alleviation Schemes. On successful implementation of the pilot phase, the Yojana would be extended in coming years."

The pilot PMAGY scheme has been launched in March, 2010 in pursuance of the above announcement. The scheme aims at integrated development of the selected 1000 villages with more than 50% SC population into "model villages".

Objectives

4.8.2.2 PMAGY aims to ensure integrated development of the selected villages having more than 50% SC population, into "model villages" so that, inter alia,

- (i) they have requisite physical and social infrastructure for their socio-economic development, to the maximum possible extent;
- (ii) disparity between SC and non-SC population of the village in terms of common socio-economic indicators (e.g. literacy rate, completion rate of elementary education, IMR/MMR, ownership of productive assets, etc.) is eliminated, and the indicators are raised to at least the level of the national average; and
- (iii) untouchability, discrimination, segregation, and atrocities against SCs are eliminated, as are other social evils like discrimination against girls/women, alcoholism and substance (drugs) abuse, etc., and all sections of society are able to live with dignity and equality, and in harmony with others.

Components of the Scheme

4.8.2.3 The Scheme has the following two main components (a) Territorial Area-related Component and (b) Functional Area-related Components. The first component of the scheme is territorial in nature, is centered on individual villages, and has the following two sub-components:

- (i) Convergent implementation of existing schemes of Central and State Governments in the selected villages, and
- (ii) Gap-filling funds from PMAGY in which Central Government's contribution will be at the average rate of Rs. 20.0 lakh per village (revised from Rs. 10 lakh to Rs. 20 lakh per village in September, 2011, para 4.8.2.10), with State Government making a suitable, preferably matching contribution, for meeting specifically identified developmental requirements of the selected villages which cannot be met under the existing schemes of the Central and State Governments.

Functional area-related component is inter alia meant to facilitate implementation of the Scheme by way of strengthening of administrative machinery for its planning and implementation, capability building of key personnel, developing a proper management information system etc. For this component, State Government will be eligible for central assistance upto 5% (revised in September, 2011 from the earlier 6%) of the outlay for territorial area-related components.

Selection of States for the first year (2009-10) of the Pilot Phase

4.8.2.4 There are 44,080 villages, spread across 25 States and 2 UTs, having more than 50% SC population. As per the budget announcement, only 1000 of such villages were selected in the first year in the pilot phase. Five States, representing five regions of the country, were selected for the implementation of the Scheme as per details given below:

| S. No | Region | State | Total No. of villages with >50% SC Popln. | No. of villages proposed to be selected for Pilot Phase |
|-------|--------------|---------------|---|---|
| 1 | North | Uttar Pradesh | 10,226 | 225 |
| 2 | East | Bihar | 2,476 | 225 |
| 3 | West | Rajasthan | 2,467 | 225 |
| 4 | South | Tamil Nadu | 2,169 | 225 |
| 5 | North East | Assam | 883 | 100 |
| | Total | | 18,261 | 1,000 |

All the above States, except Bihar, have been selected on the basis of their having the largest number of villages with >50% SC population, in the region. Bihar, though having the third largest number of SC majority village after West Bengal and Orissa in the region, was selected on the basis of its relative backwardness.

Implementation Modalities

4.8.2.5 The Scheme will be implemented by State Governments. For over-all guidance and monitoring of the Scheme, an **Advisory Committee** is required to be established at the State level under the co-Chairmanship of Ministers in charge of Rural Development and Social Justice. In addition, a **State-level Steering-cum-Monitoring Committee (SSMC)** under the Chairmanship of the Chief Secretary is mandated to be set up to lead and monitor its implementation. The Member-Secretary of the SSMC will act as the State Programme Director, PMAGY. Similarly, the State Government would also need to designate a Programme Director for the Scheme at the District and Block levels. The Programme Directors will act as the Chief Executive for the PMAGY at their respective levels. At the level of Central Govt., there will be a **Central Advisory Committee** to be headed by the Union Minister for SJ& E for overall guidance and monitoring of the Scheme. A **Central Steering-cum-Monitoring Committee (CSMC)** would address broad policy issues in the implementation of the Scheme.

Training of Key Functionaries

4.8.2.6 For successful implementation of the Scheme, key functionaries at different levels will need to be provided necessary orientation and training. At the national level, the National Institute of Rural Development, Hyderabad, will provide technical resource Support to the Scheme. The State Governments will identify suitable State level institutions, in consultation with Ministry of Social Justice and Empowerment, for necessary technical resource support at that level. At the district and lower level, the technical resource support by way of planning, monitoring and training of personnel may be tapped locally from amongst District Rural Development Agencies (DRDAs), Agricultural Technology Management Agencies, Local Colleges, Panchayati Raj training institutions, reputed NGOs, any other training institution of the State Govt. engaged in enhancing the planning capabilities of grass-root level functionaries.

Identification of Villages

4.8.2.7 State Government should identify requisite number of villages with >50% SC population, to be covered in the pilot phase, as far as possible from one district only, in the interest of focused attention. However, if the State feels strongly, it may, for sufficient reasons, select the villages from two, or a maximum of three, contiguous districts.

Implementation of the Scheme

4.8.2.9 An initial orientation meeting with the representatives of the five States, mentioned in para 4.8.2.4 above, and of concerned Central Ministries was held on 20.3.10 in Delhi to familiarize them with the concept and implementation modalities of the scheme.

Status of Release of Central Assistance:

4.8.2.10 The scheme was approved in March, 2010. As the amount of "gap-filling" funds @ Rs. 10.00 lakh per village, on average, was insufficient and there was demand from States to enhance it, the Scheme was revised in September, 2011. The revisions in the Scheme has been communicated to all the five PMAGY States vide this Ministry's D.O letter No.16015/1/2008-CC dated 26.9.2011, inter- alia, conveying that:

- i) The amount of "gap-filling" funds per village has been enhanced from Rs. 10.00 lakh to Rs. 20.00 lakh, and
- ii) Preference may be given for construction of Anganwadi Centres in the selected villages which are not covered under the ICDS, Scheme.

The details of Central assistance provided to the States, in 2009-10, 2010-11 & 2011-12, is as under:

(Rs. in crore)

| States | Budget Allocation 2011-12 | Central Assistance Released | | | |
|------------------|------------------------------|-----------------------------|--------------|---------------|---------------|
| | | 2009-2010 | 2010-011 | 2011-12 | Total |
| Bihar | 100.00 | 1.3 | 21.425 | 22.50 | 45.225 |
| Rajasthan | | 1.4 | 21.325 | 22.50 | 45.225 |
| Assam | | - | 10.10 | 10.00 | 20.10 |
| Tamil Nadu | | 1.3 | 21.425 | 22.50 | 45.225 |
| Himachal Pradesh | | - | 22.725 | 22.50 | 45.255 |
| Total | 100.00 | 4.0 | 97.00 | 100.00 | 201.00 |

The Government of Uttar Pradesh did not convey its willingness to implement the scheme. The Ministry vigorously pursued the matter with the Government of Uttar Pradesh since then to obtain their concurrence to implement the scheme. However, thereafter Himachal Pradesh which is having 2nd largest number of SC major villages in the northern region was requested to convey its concurrence to implement the scheme. On receipt of complete proposal from the State full admissible Central Assistance has been released to the State Govt. on 28.2.2011. The details of number of selected villages for implementation of the scheme - State, District and Block wise are at **Annexure 31**.

Sensitization Workshop on PMAGY at NIRD, Hyderabad:

4.8.2.11 A two and half days Sensitization Workshop for key senior level State/Central Government functionaries on the Pilot Scheme of PMAGY was organized from 15th to 17th July, 2010 in Hyderabad at National Institute of Rural Development (NIRD).

Formal Launch

4.8.2.12 The Scheme was formally launched in 18 BB villages of Padampur Block, Sri Ganganagar District, Rajasthan on 23.07.2010 by the Union Minister, Social Justice and Empowerment, Shri Mukul Wasnik in the presence of the Union Minister of Rural Development, Dr. C.P Joshi, and the Chief Minister of Rajasthan, Shri Ashok Gehlot.

Baseline Survey

4.8.2.13 For implementation of the scheme in a village a **baseline survey** is to be carried out. Draft guidelines for the survey were discussed in the above workshop. Based on the inputs received from various stakeholders the guidelines for the baseline survey have been finalized and sent to the concerned States in August, 2010.

Village Development Plan

4.8.2.14 While conveying the baseline survey guidelines to the State Govts. (except H.P) they were requested that while indicative guidelines for the preparation of Village Development Plans (VDPs) were also being developed, the States may start developing their own VDP guidelines without waiting for our VDP guidelines, and to get VDPs prepared and approved on that basis. In pursuance of the above, indicative guidelines for preparation of VDPs were developed and sent to the State Governments on 28.2.2011. As central assistance could be release to HP only in Feb, 2011, the Guidelines for Baseline Survey and Preparation of Village Development Plans were sent to them in March, 2011.

Meeting of Central Steering-cum-Monitoring Committee

4.8.2.15 Para 12.2 of the Scheme guidelines provide for the constitution of a Central Steering-cum-Monitoring Committee (CSMC), to (i) address day-to-day broad policy issues in implementation of the scheme, (ii) monitor implementation of the Scheme, and (iii) issue supplementary implementation guidelines from time to time. The CSMC was constituted on 5.4.2011, and it met on 14.9.2011, when progress of implementation of PMAGY in all States upto 31.3.2011 (or later date, as available) was reviewed.

4.8.2.16 Para 12.1 of PMAGY Guidelines, inter alia, envisage constitution of a CAC for over-all guidance and monitoring of the Scheme, Advisory Committees may be established at the Central and State levels. The Central Advisory Committee would be headed by the Union Minister of Social Justice and Empowerment (SJ&E). The CAC, for PMAGY has been constituted on 23.8.2011, and it met on 18.11.2011, under the Chairmanship of the Union Minister, Social Justice and Empowerment and the Union Minister of Rural Development, as its Co-chair, when the progress of PMAGY in all States upto 30.9.2011 (or later date, as available) was reviewed. The meeting was also attended by the Ministers of Social Justice and Empowerment, Govt. of Rajasthan and Himachal Pradesh, and Minister of SC & ST welfare, Govt. of Bihar.

CHAPTER 5 - OTHER BACKWARD CLASSES

5.1 An Overview

5.1.1 The Second Backward Classes Commission (commonly known as Mandal Commission), constituted under Article 340, had submitted its Report in 1980. Several writ petitions were filed in the Supreme Court challenging this Order. These were disposed of by the Supreme Court in 1992, by a majority judgment, which is commonly known as the judgement in the Indra Sawhney case. In this judgment, the Court upheld 27% reservation for OBCs in civil posts and services under the Union of India, subject to exclusion of the "Creamy Layer".

5.1.2 With the amendment of Article 15 of the Constitution in January, 2006 and enactment of the Central Educational Institutions (Reservation in Admissions) Act in January, 2007, listing of backward classes has become relevant for admission in Central Educational Institutions also.

A list of such castes and Communities is being issued separately by the Ministry of Welfare". Accordingly, the Central List of OBCs was issued vide Resolution dated 10.09.1993 of the then Ministry of Welfare in respect of 14 States. Lists for another 7 States and 4 UTs were issued by the then Ministry of Welfare vide Notifications dated 19.10.1994 and 24.05.1995.

5.2.2 Since the first notification of the Common list on 10.09.93 and constitution of the NCBC in August, 1993, till date 2343 such entries (by way of castes, their synonyms, sub castes etc.) have been notified in the Central List of OBCs through 30 resolutions for 24 States and 6 Union Territories. On the advice of the NCBC, the Central Government makes changes in the Central List of OBCs from time to time.

State wise number of castes covered under central lists of OBCs as on 31.03.2012 is at **Annex-5.1**.

5.2.3 The caste-wise census was discontinued after the 1931 census. Hence, census data is not available on population of OBCs in the country. However, the Mandal Commission had estimated OBC population

at 52% of the total population while the National Sample Survey Organisation, based on its 61st round survey (2004-05), has estimated it to be 41% as stated in its Report "Employment & Unemployment situation among Social Groups in India."

5.2.4 The Registrar General of India has informed that Government has decided to canvass 'caste' of all persons, as returned by them, as an independent exercise after population enumeration of 2011 Census is over.

5.2.5 The Government of India vide the Ministry of Personnel, Public Grievances and Pension (Department of Personnel and Training) OM No. 36012/22/93-Estt. (SCT), dated 8th September, 1993 has reserved 27% of vacancies in Civil Posts and Services under the Central Government, to be filled through direct recruitment in favour of the Other Backward Classes (OBCs).

5.2.6 The Government of India had set up the National Commission for Religious and Linguistic Minorities in March, 2005 to suggest criteria for identification of the socially and economically backward sections amongst Religious and Linguistic Minorities and to recommend measures for their welfare, including reservation in Government employment. The Commission submitted its report to the Government on 10th May, 2007, wherein it had, inter-alia, recommended creation of a sub-quota for Minorities from within the reservation of 27% available to OBCs, in Government employment. The Government after carefully considering the above recommendation has decided to carve out a sub-quota of 4.5% for Minorities, as defined under Section 2 (c) of National Commission for Minorities Act, 1992, from within 27% reservation for OBCs as notified vide DoPT's O.M No. 41018/2/2011-Estt. (Res.) dated 22nd December, 2011. The caste / communities of the said Minorities which are included in the Central List of OBCs, notified State-wise from time to time by the Ministry of Social Justice and Empowerment, shall be covered by the said sub-quota.

5.3 Statutory Framework

5.3.1 Relevant Constitutional Provisions:

Clause (4) of Article 15 of Constitution of India ["Prohibition of discrimination on grounds of religion, race, castes, sex or place of birth"] permits the State to make special provision for the advancement of "any socially and educationally backward classes of citizens" including in admission to educational institutions.

Article 16 (4) ["Equality of opportunity in matters of public employment"] permits the State to make provision for reservation in appointments for "any backward class of citizens.... ."

Article 340 of the Constitution provides "that the President may by order appoint a Commission to investigate the conditions of socially and educationally backward classes". As it was not envisaged to set up an independent Commission to investigate complaints made by OBCs, the National Commission for Scheduled Castes has been entrusted to look into such complaints under Article 338 (10) of the Constitution.

Clause (1) of Article 38 of the Constitution makes it obligatory for the State to "strive to promote the welfare of the people by securing and protecting as effectively as it may a social order, in which justice, social, economic and political shall inform all the institutions of the national life". Art. 46 enjoins upon the States to "promote with special care the educational and economic interests of the weaker sections".

Clause (10) of Article 338 (National Commission for Scheduled Castes) mentions that for the purpose of that article, references to Scheduled Castes "shall be construed as including references to such other backward classes as the President may, on receipt of the report of a Commission appointed under clause (I) of article 340 by order specify and also to the Anglo-Indian community." Thus, the National Commission for Scheduled Castes is responsible for looking into the grievances of the Other Backward Classes (OBCs) also.

5.3.2 National Commission for Backward Classes Act, 1993:

5.3.2.1 In pursuance of the directions of the Supreme Court in Indra Sawhney Vs. UOI case mentioned in Para 5.2.1 above, the Government of India enacted the National Commission for Backward Classes (NCBC) Act, 1993 (Act No. 27 of 1993) dated 1.2.1993, for setting up a National Commission for Backward Classes. Under Section 1 of the Act, the jurisdiction of the Act extends to the whole of India except the State of Jammu & Kashmir.

5.3.2.2 Section 3 of the Act provides that the Commission shall consist of five members, namely, a Chairperson who is or has been a Judge of the Supreme Court or of a High Court; a social scientist, two persons, who have special knowledge in matters relating to backward classes; and a Member- Secretary who is or has been an officer of the Central Govt in the rank of a Secretary to the Govt of India. Under Section 4 of the Act, every Member shall hold office for a term of three years from the date he/she assumes office.

5.3.2.3 The functions of the Commission are laid down mainly in Section 9 and Section 11 of this Act. Under Section 9 (1) of the Act, the Commission shall "examine requests for inclusion of any class of citizen as a backward class in such lists and hear complaints of over-inclusion or under-inclusion of any backward class in such lists and tender such advice to the Central Government as it deems appropriate". Section 9(2) of the Act states that the advice of the Commission shall ordinarily be binding upon the Central Government.

5.3.2.4 Section 11 of the Act, entrusts the Central Government to undertake the revision of lists at the expiration of ten years from the date of this Act coming into force and every succeeding period of ten years. As per sub-section (2) of this Section, the Central Government is required to consult the NCBC while undertaking such revision.

5.3.3 Revision of Income Criteria for "Creamy Layer" during 2008-09

5.3.3.1 As per Supreme Court's judgment mentioned in Para 5.1.1 above, "Creamy Layer" is excluded from the reservation benefits available to OBCs. Detailed criteria defining the "Creamy Layer" are laid down in the Schedule to DOPT O.M. No. 36012/22/93-Estt. (SC) dated 08.09.1993, which lays down the following six categories to whom the rule of exclusion will apply:

- I. Constitutional Posts
- II. Service Category
- III. Armed Forces including Para-Military Forces
- IV. Professional Class and those engaged in Trade and Industry
- V. Property owner, and
- VI. Income/Wealth Tax payee

In the last category, income ceiling specified in the said O.M. dated 8.9.93 was Rs.1 lakh per annum. This was revised to Rs. 2.5 lakh per annum in 2004 which has further been again revised to Rs. 4.5 lakh per annum in October, 2008, on the recommendation of NCBC.

5.4 Schemes: An Overview

5.4.1 Having recognized that educational and economic support for backward classes has not been adequate and that there is disparity between them and the non-backward sections of the population at every level, it was felt that earnest efforts were required to introduce various schemes specifically for the target group in order to provide them a level playing field. It was envisaged that the most important initiative for improving the social and economic status of backward communities lies in improving their access to education and training in their traditional trades. Hence, the following schemes were formulated and are being implemented since 1998-99:

- i) Pre-matric Scholarship to OBC students,
- ii) Post-matric Scholarship to OBC students,
- iii) Construction of Hostel for OBC boys & girls,

* National Sample Survey Organization

State/UT-wise population and literacy rate for total and persons with disabilities is at Annexure - 6.1.

There is significant difference in the disability statistics provided by Census 2001 and the sample survey of National Sample Survey Organization (NSSO) in 2002. The variation is primarily due to the difference in the criteria for defining disability adopted by both the organizations. The definitions are also at variance with those mentioned in the Persons with Disabilities Act (PwD Act) 1995. Further, all the disabilities mentioned in the PwD Act were not covered in the Census 2001. Therefore, the Census data of 2001 does not reflect the true picture of disabilities in the country.

With a view to have more credible enumeration of Persons with Disabilities in Census 2011, the matter was taken up with the Registrar General of India (RGI). The Ministry proposed to include all the 7 types

of disabilities mentioned in the PwD Act for enumeration in the Census, 2011 and also suggested a Household Schedule as well as simple and comprehensive definitions of various disabilities for canvassing during Census 2011. RGI had informed that in Census 2011, the following disabilities have been covered for enumeration:-

- i. In Seeing
- ii. In Speech
- iii. In Hearing
- iv. In Movement
- v. Mental Retardation
- vi. Mental Illness
- vii. Multiple Disability
- viii. Any other

6.2 Statutory Framework

6.2.1 Relevant Constitutional Provisions

The mandate of the Constitution is to ensure equality, freedom, justice and dignity of all individuals, which implies an inclusive society for all, especially the disadvantaged. Article 41 of Part IV ["Directive Principles of State Policy"] which is particularly relevant with regard to persons with disabilities, reads as follows:

"41. Right to work, to education and to public assistance in certain cases:

The State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work, to education and to public assistance in cases of unemployment, old age, sickness and disablement, and in other cases of undeserved want."

In pursuance of the above provision of the Constitution, several initiatives have been taken by the Government for the welfare and empowerment of persons with disabilities.

"Relief of the disabled and unemployable" figures at S. No. 9 in "List II" ("State List") in the Seventh Schedule of the Constitution.

"Disability" also appears in the 11th & 12th Schedules (pertaining to Panchayats & Municipalities) of the Constitution in the following manner:-

11th Schedule: Entry No.26:- "Social Welfare, including welfare of the handicapped and mentally retarded", and

12th Schedule: Entry No.9:- "Safeguarding the interests of weaker sections of society, including the handicapped and mentally retarded".

There are three Acts of the Ministry governing various aspects of disability, which are as follows:-

-

1. Rehabilitation Council of India Act, 1992,
2. Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995; and
3. National Trust for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities Act, 1999.

Some salient details about the above Acts are given below:

6.2.2 Rehabilitation Council of India Act, 1992

The Rehabilitation Council of India was set up under this 1992 Act of Parliament. This Council regulates and monitors the training of rehabilitation professionals and personnel, and promotes research in rehabilitation and special education. Its functions are as under:-

- (i) Determining minimum standards of education
- (ii) Making recommendations to the Ministry regarding recognition of qualifications granted by Universities, etc., in India for rehabilitation professionals.
- (iii) Making recommendations to the Ministry regarding recognition of qualification by institutions outside India
- (iv) Inspection in examinations
- (v) Registration of rehabilitation professionals/other personnel.
- (vi) Determining privileges and professional conduct of registered persons.

6.2.3 Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 (PwD Act)

A meeting to launch the Asian and Pacific Decade of Disabled Persons 1993-2002, convened by the Economic and Social Commission for Asia and Pacific (ESCAP), was held in Beijing in December, 1992. The Proclamation on the Full Participation and Equality of People with Disabilities in the Asian and Pacific Region was adopted in this meeting, to which India is a signatory. The Central Government enacted The Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation Act), 1995 to implement this proclamation. The Act was enacted under Article 253 - ("Legislation for giving effect to international agreements") of the Constitution of India, read with item No. 13 - ("Participation in international conferences, associations and other bodies and implementing of decisions made thereat") of the Union List, since the subject "Relief to the disabled" is covered under Item 9 of the State List in the Constitution of India.

The PwD Act defines "disability" as blindness, low vision, hearing impairment, locomotor disability, mental retardation mental illness, and leprosy-cured. It defines persons with disability as those who have a minimum disability of 40%, as certified by a medical authority. It provides for education, rehabilitation, employment, non-discrimination and social security for persons with disabilities.

6.2.3.1 Replacing the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 with a new legislation.

The PwD Act 1995 is now over 15 years old. Keeping in view the developments taken place in disability sector over the last 15 years and to harmonize the provisions of PwD Act with United Nations Convention

on the Rights for Persons with Disabilities (UNCRPD) and provisions of other legislations on the subject, it was proposed to amend the present Act. Extensive consultations with various stakeholders including State Governments, NGOs, disabled persons' organizations and experts were carried out in 2006 and 2007. Suggestions received during the consultation process were compiled and placed before the Central Coordination Committee (CCC), which is a statutory body under Section 3 of the PwD Act and is chaired by Minister (SJ&E) and has representation of various stakeholders, in its meeting held on 21st July, 2009. It was extensively deliberated upon by the Central Coordination Committee.

Thereafter, the draft of the proposed amendments was formulated and sent to concerned Central Government Ministries, all State Governments and Union Territory Administrations for seeking their comments. It was also posted on the website of the Ministry. Responses were received from some of the Central Ministries, State Governments and UT Administrations and several Non-Government Organizations. The draft amendments were also discussed in the meeting of the Central Executive Committee (CEC), a statutory committee under Section 9 of the PwD Act on 27.01.2010.

It was decided to have wider consultation with the stakeholders before finalising the draft. The Ministry constituted a Committee on 30.04.2010 under the Chairpersonship of Dr. Sudha Kaul, Vice Chairperson, Indian Institute of Cerebral Palsy, Kolkata to study various suggestions received on the proposed amendments and to draft a new legislation in place of the present Act.

The Committee comprised of experts in disability Sector and representatives of the Stakeholders including State Governments, Central Ministries, Civil Society organizations etc. The committee has submitted draft legislation on the Rights of Persons with Disabilities on 30-06-2011 to the Ministry. The Bill has been uploaded in the Ministry's website. The Ministry has initiated consultations with 17 Central Ministries and Departments on provisions of the draft Bill concerning them. The Bill has also been discussed in a meeting of the Central Coordination Committee (CCC), a statutory forum set up under the existing Persons with Disabilities Act on 12th November, 2011. The Ministry will shortly be consulting States, in whose domain 'disability' figure under the constitutional scheme, on the proposed Bill.

6.2.4. The Mental Health Act, 1987:

Mental illness is one of the disabilities mentioned in the PwD Act. However, treatment and care of mentally ill persons is governed by a separate Act called the 'Mental Health Act, 1987', which is administered by the Ministry of Health and Family Welfare. The Act has the following main provisions:

- i. regulate admission to psychiatric hospitals or psychiatric nursing homes of mentally ill-persons who do not have sufficient understanding to seek treatment on a voluntary basis, and to protect the rights of such persons while being detained;
- ii. protect citizens from being detained in psychiatric hospitals or psychiatric nursing homes without sufficient cause;
- iii. regulate responsibility for maintenance charges of mentally ill persons who are admitted to psychiatric hospitals or psychiatric nursing homes;
- iv. provide facilities for establishing guardianship or custody of mentally ill persons who are incapable of managing their own affairs;

- v. provide for the establishment of Central Authority and State Authorities for Mental Health Services;
- vi. lay down the powers of the Government for establishing, licensing and controlling psychiatric hospitals and psychiatric nursing homes for mentally ill persons;
- vii. provide for legal aid to mentally ill persons at State expense in certain cases.

The terms "psychiatric hospital" and "psychiatric nursing home" defined in the Act include convalescent homes. The Ministry of Health & Family Affairs is in the process of replacing the present Mental Health Act with a new legislation.

6.2.5 National Trust for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities Act, 1999

A few noteworthy provisions of this Act are given below:

- (i) Constitution of the National Trust for the Welfare of Person with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities etc.

6.3 Issue of Disability Certificates

The PwD Act, 1995, provides certain benefits to persons with disabilities who have not less than 40% of any disability, as certified by a medical authority. Thus, a person with disability who wishes to avail the benefits under the Act, has to obtain a disability certificate from the medical authority notified for the purpose. State Governments are responsible for issuing disability certificates on the basis of applications from the persons with disabilities. 39% of persons with disabilities have been issued disability certificates upto February, 2012. State-wise status of issuance of disability certificate as on 27-02-2012 is at Annexure- 6.2. The certificates are issued on the basis of guidelines framed by the Ministry.

The Persons with Disabilities Rules, 1996 have been amended vide notification no. 16-02/2007-DD.III dated 30.12.2009 and the amended Rules inter-alia enable a simplified and decentralized procedure for issue of Disability Certificate. In the amended rules, instead of "Medical Board", "Medical Authorities" has been prescribed for issue of medical certificates. The Medical authorities have to be notified by the appropriate governments. Disability Certificate is to be issued as far as possible, within a week from the date of receipt of application but not later than one month. Provision of review of decision on issue of medical certificate has been incorporated.

Pursuant to the amendment to the PwD Rules, guidelines have been issued to State Governments to effect suitable changes in their Rules and notify the Medical Authorities. In the guidelines, multi-tier medical authorities have been suggested so that in respect of obvious disabilities, the disability certificate can be issued by a single Doctor at the level of Primary Health Centres (PHCs), Community Health Centres (CHCs) and Hospital at the Sub-Divisional level; in case of non-obvious diseases, certificate can be issued by a specialist and in case of multiple disabilities, a multi member board would be required to issue the certificate. In addition, provisions have been made for taking services of non-government specialists and testing facilities in case these are not available in government hospitals. The Ministry is pursuing the matter with State Governments for notification and issuance of guidelines.

Ministry of Health & Family Welfare have notified medical authorities in respect of Hospitals under the jurisdiction of Central Government. Several State Governments have also initiated action for amending the State PwD Rules and notifying the medical authorities. The status of amendment to PwD Rules in States is at Annexure-6.3

6.4 National Policy for Persons with Disabilities, 2006

The National Policy recognizes that Persons with Disabilities are a valuable human resource for the country and seeks to create an environment that provides them equal opportunities, protection of their rights and full participation in society. It is in consonance with the basic principles of equality, freedom, justice and dignity of all individuals that are enshrined in the Constitution of India and implicitly mandate an inclusive society for all, including persons with disabilities. 6.6.2 National Trust for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities

6.6.2.1 Introduction

National Trust for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities is a statutory body under the Ministry of Social Justice & Empowerment, Government of India set up under the National Trust for the welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities Act (Act 44 of 1999), 1999.

The genesis of the Act is the universal question, which troubles all families with children with severe & profound disabilities - "What will happen to my Child when I am no more?" - The answer lies in fulfilling the Objectives of the Trust.

The main objective of National Trust is to ensure persons with disabilities to lead independent life with dignity, support and strengthen NGOs and other service providers and appoint legal guardians to take care of the needs of persons with disabilities. The major activities of National Trust include training and awareness programmes, capacity building programmes & shelter, care giving & empowerment programmes.

National Trust is committed to facilitate equal opportunities, protection of rights and full participation of persons with disabilities covered under the Act. The National Trust has been able to develop a network of around 885 voluntary organizations across the country (except J&K) through which most of the programmes and activities are implemented. These organizations are registered with the National Trust and provide the basic structure at the grass root level and also at the district and state levels.

6.6.2.2. Network Structure

The National Trust Act provides for setting up 3 members Local Level Committees (LLC) comprising of an officer not below the rank of District Collector, a representative of the organization registered with the National Trust and a person with any disability. LLCs are usually constituted at the district level for appointment of legal guardians. Appointment of legal guardians is not mandatory and only need-based. So far, 615 LLCs have been appointed covering all the districts in the country (excluding J&K) and they have appointed 25651 legal guardians. A National Depository of Legal Guardian Certificates (NDLGC) has also been setup.

In order to carry out the activities of the National Trust at the state level and to liaison with the state governments, a reputed NGO in every state capital is appointed as State Nodal Agency Centre (SNAC). To further strengthen this arrangement, other good NGOs are appointed as State Nodal Agency Partners who operate in a cluster of districts. Presently there are 32 SNACs in the country. State wise list of SNAC is at Annexure-6.4.

Every state/UT government has been requested to set up state level coordination committee (SLCC) for effective implementation and monitoring of the National Trust schemes. State Secretary looking after disability is the chairperson and the SNAC is the convener of this committee. So far 24 SLCCs have been constituted and 2 are under process. (Annexure-6.5.)

6.6.2.3 Major activities during the year 2011-12

6.6.2.3.1 Badhte Kadam - III (Mobile Disability Awareness Expedition)

For the third consecutive year, National Trust has organized Badhte Kadam-III 'A Mobile Disability Awareness Expedition' in partnership with AADI (Action for Ability Development and Inclusion - National Trust's State Nodal Agency Center, Delhi) The program was graced by Hon'ble Minister for Social Justice and Empowerment, Shri Mukul Wasnik, who symbolically flagged off the campaign. The flag off ceremony held on 3rd November, 2011 at Delhi Haat INA and flag IN ceremony held on 2nd December 2011 in Delhi University campus. The entire campaign created a lot of awareness regarding Persons with Disabilities.

Badhte Kadam, 2011, took place throughout India starting from October 21 with the very first mela taking place in Chandigarh. This was soon followed by Nagaland and the Andamans. Throughout November and into early December, approximately 230 melas took place in areas throughout India except for Mizoram and J&K. After the success of BK 2009 and 2010, more emphasis was placed on creatively getting out the way in which information regarding National Trust and UNCRPD was communicated to the public. Therefore the overall strategy was to conduct cross disability melas featuring traditional performing arts (puppet shows, shadow plays, music, song, street plays, convergence with drama and dance departments) multiple stalls (essay contests, games, poster contests, painting, drawing, counseling for parents, legal aid services, feature NT programmes and schemes) Competitions in a number of areas, e.g. sports, were also held.

6.6.2.3.2 Sambhav - National Resource Centre

The National Resource Centre called "Sambhav - Making Inclusion Possible", a project of National Trust in collaboration with AADI & SAARTHAK was launched on 22nd April, 2010 by Hon'ble Minister of SJ & E, Shri Mukul Wasnik and Hon'ble Minister of State, Shri. D. Napoleon at AADI, New Delhi.

The project 'Sambhav showcases various ways in which the principles of universal design can be applied in different areas of life like communication (enhancing listening, understanding and alternative modes of communication); learning (play, concept teaching and self learning); movement (transfers, supported walking, alternative methods of mobility, and outdoor travelling); etc. It further provides facilities for demonstrations and experiencing practical usage of the displayed items by persons with disabilities and for others.

'Sambhav' provides facilities for demonstrations and experiencing practical usage of the displayed items by persons with disabilities and for others. This will support people to become acquainted with devices before taking decisions of buying any particular item. It also hopes to provide an opportunity to people to imagine further possibilities based on the ideas displayed.

6.6.2.3.3 Niramaya (Health Insurance Scheme)

It is a health insurance scheme for persons with Autism, Cerebral Palsy, Mental Retardation & Multiple Disabilities. The Scheme was launched in 2007 on a pilot basis for two years in 10 selected districts of 10 States but due to huge popular demand the same was soon extended to cover the entire country (except J&K). Under the Scheme, health insurance coverage of Rs. 1.0 lakh is available, at the doorstep of persons with disabilities.

The health insurance for persons with disabilities was itself a unique concept and the scheme had some other path breaking features like no age bar, no exclusion of pre-existing medical conditions, no pre-insurance medical test, cashless treatment in case of empanelled hospitals and on reimbursement basis for others, anywhere in the country. However due to some instances of misuse of cashless facilities, the same has been withdrawn. The facility of reimbursement is continuing for treatment from any hospital/doctor across the country.

Presently, the scheme is totally free to BPL beneficiaries, and is also available at a nominal premium of Rs. 250/- p.a. for family income up to Rs. 15000 per month and Rs. 500/- p.a. for higher family income. So far 1,00,669 beneficiaries have been enrolled under the Scheme across the country in a computerized Management Information System (MIS). State wise and year wise list of Beneficiaries enrolled under the scheme is at Annexure-6.6

6.6.2.3.4. National Depository of Legal Guardianship Certificates (NDLGC)

Section 14 of the National Trust Act provides for appointment of legal guardians by Local Level Committees which are constituted under section 13 of the Act. The legal guardian appointment certificates are important documents and are relied upon in several legal and administrative matters. Keeping in view that their proper documentation and record keeping is therefore very essential, a computerized on-line depository of all the legal guardian certificates was developed in which all the details of the LGs will be available online. From 1.4.2010 it has been made mandatory that every application for appointment of LG, received in paper form or in soft copy should be in the on-line module. This will also help in future to extend this concept to other certificates - like disability certificate, caste certificates, income certificates etc.

6.6.2.3.5. Samarth (Residential Care Scheme)

The main objective of the scheme is to provide safety net to families in crisis. The scheme provides both short term and long term stay facilities for adults and destitute children. Vocational training to the inmates is provided for under the scheme. So far, there are 3362 beneficiaries out of whom 1988 are of difficult categories like autism, cerebral palsy or severe mental disability. State wise number of Samarth centers along with the fund released during the years 2008-09, 2009-10, 2010-11, 2011-12 is at Annexure-6.7

6.6.2.3.6. Aspiration - Early Intervention Program (Day Care Centre)

It is little known that 'Developmental Disability' is not a disease but a condition. It cannot therefore be cured but it can be managed well with early intervention. However, precious time is usually lost by parents in realizing this harsh fact. As such a scheme- Aspiration- for school readiness by early intervention has been conceived for such special children upto 6 years of age. The aim is to work with these young children and their parents in a batch of 20 to make them ready for schooling. At present, there are 79 centres across the country. State wise number of centers along with fund released during the year 2008-09, 2009-10, 2010-11, 2011-12 is at Annexure-6.8.

6.6.2.3.7. GHARAUNDA (Group Home Life Long Rehabilitation Center)

Group Home and Rehabilitation Activities under National Trust Act for Disabled Adults (GHARAUNDA) was launched to provide 'Life Long Shelter & Care Facilities' to adult persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities by empanelled Service Providers. 6.17 Important Programmes/ Activities of Other Ministries relating to Disability

6.17.1 Ministry of Women & Child Development

The National Plan of Action for Children, 2005, seeks to ensure the right to survival, care, protection and security for all children with disability. The approach adopted includes maternal and child care for prevention and detection of disabilities, early intervention, education, rehabilitation, accessibility and full integration. It envisages creation of effective links and quick referrals between the Integrated Child Development Scheme, Primary Health Centres, mother and child programmes and hospitals (paediatric units) for the early detection of high risk babies and children with disabilities, including children with mental health issues and mental illness. Training is an important element of the Plan.

Provision of reservation of PwDs has been made in the scheme of Working Women Hostel. It would be ensured that construction assistance is extended to those buildings which are disabled friendly in the revamped scheme namely 'Swadhar and Short Stay Homes'.

Integrated Child Protection Scheme (ICPS)

The Scheme was introduced during 2009-10. It aims at well being of children in difficult circumstances and reducing of their vulnerability to abusive and exploitative situations by establishing statutory support and service delivery structures throughout the country. 6.17.2 Ministry of Human Resource Development

A. Department of School Education and Literacy

- (i) The National Policy on Education, 1986, as modified in 1992, emphasizes three aspects in relation to Elementary Education, viz.,
 - a) Universal Access and Enrolment,
 - b) Free and Compulsory Elementary Education for all Children up to 14 years of Age, and
 - c) Substantial Improvement in the Quality of Education to Enable All Children to Achieve Essential Levels of Learning.

The Policy also emphasizes that education must play a positive and interventional role in correcting social and regional imbalance and in securing a rightful place for the disadvantaged. The priority area is provision of free and compulsory elementary education to all, covering children with special needs.

The RTE Act 2009, in section 3(1) entitles all children in the 6-14 years age group to a right to free and compulsory elementary education in a neighborhood school. This Act has given a new thrust to the education of Children With Special Needs (CWSN), and efforts would now have to be made to enrol and retain CWSN in the neighbourhood schools. Thus, school preparedness for CWSN should be given paramount importance in the context of RTE.

RTE mandates free and compulsory education to all children from 6-14 years of age. The key objective of RTE- SSA is Universalization of Elementary Education (UEE). Three important aspects of UEE are access, enrolment and retention of all children in 6-14 years of age. This goal of UEE, has further been facilitated by the Constitutional (86th Amendment) Act, making free and compulsory elementary education a Fundamental Right, for all the children in the age group of 6-14 years. This Amendment has given a new thrust to the education of Children With Special Needs (CWSN), as without their inclusion, the objective of UEE cannot be achieved. In-fact inclusion of one of the groups, which is extremely crucial for UEE, is perhaps that of the CWSN. Hence, education of CWSN is an important component of SSA.

PROVISIONS FOR CWSN UNDER SSA

SSA provides upto Rs.3000/- per child for the inclusion of disabled children, as per specific proposal, per year. District plan for children with special needs is formulated within the Rs. 3000/- per child norm, with Rs. 1000/- ear-marked exclusively for engagement of resource teachers. The interventions under SSA for inclusive education are:

- Identification of CWSN
- Functional and formal assessment and preparation of Individualized Educational Plan Special Training of CWSN
- Provision of aids and appliances

- Teacher training
- Appointment of resource teachers
- Barrier free access
- Community mobilization
- Parental counseling
- Escort/ transport allowance

SSA has adopted a zero rejection policy.

SSA has adopted a more expansive and a broad-based understanding of the concept of inclusion, wherein a multi-option model of educating CWSN is being implemented. Convergence has been established with Ministry of Social Justice and Empowerment to provide aids and appliances to CWSN under SSA. Steps are being taken to make all new school buildings and the existing schools barrier free.

Schools are being made more disabled friendly by incorporating barrier free features in their designs. About 7.47 lakh schools have been made barrier-free. Efforts are being made by all the State Governments/ UTs to cover more schools in a phased manner. Another recent initiative of SSA States has been of providing disabled friendly toilets. Thus, so far in SSA, 63263 schools have been provided disabled friendly toilets. Details are given in **Annexure 6.24**

CHAPTER 7 - SOCIAL DEFENCE

7.1 An Overview

In the area of Social Defence, the Ministry mainly focuses on policies and programmes for:

- (i) Senior Citizens, and
- (ii) Victims of Substance (Drug) Abuse

The Ministry develops and implements programmes and policies for these target groups in close collaboration with State Governments, Non-Governmental Organisations and civil society. The programmes for senior citizens aim at their welfare and maintenance, especially for indigent senior citizens, by supporting old age homes, day care centres, mobile medicare units, etc. For victims of substance abuse, the programme is for drug demand reduction which is achieved through awareness campaign and treatment of addicts and their detoxification so that they may join the mainstream. These programmes are implemented through Non-Governmental Organizations with financial support from the Ministry.

7.2 Statutory Framework

7.2.1 Relevant Constitutional Provisions

Article 41 of the Constitution provides that the State shall, within the limits of its economic capacity and development, make effective provision for securing the right to work, to education and to public assistance in cases of unemployment, old age, sickness and disablement, and in other cases of underserved want.

Further, Article 47 provides that the State shall regard the raising of the level of nutrition and the standard of living of its people and the improvement of public health as among its primary duties and, in particular, the State shall endeavor to bring about prohibition of consumption, except for medicinal purposes, of intoxicating drinks and of drugs which are injurious to health.

7.2.2 Legislations

The Maintenance and Welfare of Parents and Senior Citizens Act, 2007 was enacted in December 2007, to ensure need based maintenance for parents and senior citizens and their welfare.

The Narcotic Drugs and Psychotropic Substances Act, 1985, was enacted inter alia, to curb drug abuse. Section 71 of the Act provides that, "the Government may, in its discretion, establish as many centers as it thinks fit for identification, treatment, education, after-care, rehabilitation, social reintegration of addicts and for supply, subject to such conditions and in such manner as may be prescribed, by the concerned Government of any narcotic drugs and psychotropic substances to the addicts registered with the Government and to others where such supply is a medical necessity."

7.3 Senior Citizens

| Senior Citizens (60+) | 7.7 | 3.8 | 3.9 |
| As % of total | 7.5 | 7.1 | 7.8 |

Source: Census, 2001

The share of people aged 60 years and above in the total population is highest in Kerala (8.82 %), closely followed by Himachal Pradesh, (8.12 %) and Punjab (7.84 %). The Andaman and Nicobar Island has the lowest percentage (3.4 %) of people aged 60 years and above out of the total population. In rural areas, the percentage share of elderly population in total population is highest in the state of Kerala (8.9%) followed by Punjab (8.5%). Continuous increase in life expectancy means that more people are now living longer. General improvement in the health care facilities over the years is one of the main reasons for continuing increase in proportion of population of senior citizens. Ensuring that they not merely live longer, but lead a secure, dignified and productive life is a major challenge.

The projected population aged 60+ and their percentage share in the total projected population of the country, for the year 2006 to 2026 (as on 1st March) as per the May 2006 Report of the Technical Group on Population Projections constituted by the National Commission on Population published by the Office of the Registrar General of India, is as under:

|------|--|------|--------|--------------------------|------|--------|
| | Persons | Male | Female | Persons | Male | Female |
| 2006 | 8.36 | 4.07 | 4.28 | 7.5 | 7.1 | 8.0 |
| 2011 | 9.85 | 4.81 | 5.03 | 8.3 | 7.8 | 8.8 |
| 2016 | 11.81 | 5.81 | 5.99 | 9.3 | 8.8 | 9.8 |
| 2021 | 14.32 | 7.06 | 7.26 | 10.7 | 10.2 | 11.3 |
| 2026 | 17.32 | 8.46 | 8.86 | 12.4 | 11.7 | 13.1 |

In 2006, about 7.5% of the total population, 7.1% of the total male population and 8.0% of the total female population were aged 60 years and above. These figures are projected to go up to 12.4%, 11.7% and 13.1% respectively in 2026. State-wise projected population aged 60+ by Sex is at Annex-7.2.

| Area | Old Age Dependency Ratio | | | | | | | | |
|----------|--------------------------|------|------|--------|------|------|---------|------|------|

7.8 Substance/Drug Abuse

7.8.1 Overview

Drug and Alcohol abuse has become a major concern in India. In a national survey conducted by United Nations Office on Drugs and Crime (UNODC) and Ministry of Social Justice and Empowerment, for the year 2000-2001 (report published in 2004) it was estimated that about 732 lakh persons in India were user of alcohol and drugs. Of these 87 lakh used Cannabis, 20 lakh used opiates and 625 lakh were users of Alcohol. About 26%, 22% and 17% of the users of the three types respectively were found to be dependent on/addicted to them. The survey also indicated that other drugs such as Sedatives/ Hypnotics, volatile substances, Hallucinogens, Stimulants and pharmaceutical preparations were also abused. However the sample size being small (40,697 males only) vis-a -vis the country's population, the estimates can at best be taken as indicative only.

With a view to build a reliable data base, **National Sample Survey Organization (NSSO)** was requested to undertake a Pilot Survey on the extent, pattern and trends of drug abuse in the country. A pilot survey in the States of Punjab and Manipur and the metropolitan city of Mumbai has been conducted by the Organization. In view of the above, National Sample Survey Organization (NSSO) has been requested to undertake a National Survey on the extent, pattern and trends for drug abuse in the country. To test the efficacy of sampling design and survey instrument that may be used for such kind of survey, a Pilot Survey on prevalence of drug abuse was carried out by NSSO in March-April, 2010 in the cities of Amritsar, Imphal and Mumbai and draft report of pilot survey was received. It was observed from the draft report of the Pilot Survey that it does not give the realistic picture of the prevalence of drug abuse due to various reasons, it has been proposed to NSSO to carry out an advanced pilot survey for 3 States viz. Punjab, Maharashtra and Manipur. To meet the requirement of this Ministry, a Technical Committee has been constituted by NSSO to finalize the sampling design and survey methodology. On the recommendations of the Technical Committee, a joint coordination committee consisting of senior officers from the Ministry of Social Justice and Empowerment, NSSO, National Aids Control Organization (NACO), Narcotics Control Bureau (NCB), concerned State Government and other stakeholders has been constituted to finalize the modalities and monitor the Survey. Further course of action with regard to launch of advanced pilot survey, its monitoring and involvement of State Governments and district/city administration will be taken by the joint coordination committee.

The Ministry of Social Justice and Empowerment, as the nodal ministry for drug demand reduction, coordinates and monitors all aspects of drug abuse prevention which include assessment of the extent of the problem, preventive action, treatment and rehabilitation of addicts, dissemination of information and public education. The Ministry provides community-based services for the identification, treatment and rehabilitation of addicts through voluntary organizations.

7.8.2 Narcotic Drugs & Psychotropic Substances Act, 1985

The Narcotic Drugs and Psychotropic Substances Act, 1985, was enacted, inter alia, to curb drug abuse. Section 71 of the Act (Power of Government to establish centres for identification, treatment, etc of addicts and for supply of narcotic drugs and psychotropic substances) provides that "The Government may, in its discretion, establish as many centers as it thinks fit for identification, treatment, education, after-care, rehabilitation, social reintegration of addicts and for supply, subject to such conditions and in such manner as may be prescribed, by the concerned Government of any narcotic drugs and psychotropic substances to the addicts registered with the Government and to others where such supply is a medical necessity." Accordingly the Ministry has been supporting Integrated Rehabilitation Centre for Addicts (IRCA) under the Scheme of Prevention of Alcoholism and Substance (Drugs) Abuse being run by voluntary organizations.

7.8.3 Narcotic Drugs & Psychotropic Substances Policy (NDPS Policy)

Ministry of Finance in consultation with all stakeholders including the Ministry of Social Justice and Empowerment has brought out Narcotic Drugs & Psychotropic Substances Policy (NDPS Policy). It aims to:

- (a) Spell out the policy of India towards narcotic drugs and psychotropic substances; and
- (b) Serve as a guide to various Ministries and organisations in the Government of India and to the State Governments as well as International Organisations, NGOs, etc.
- (c) Re-assert India's commitment to combat the drug menace in a holistic manner.

The policy reaffirms the three pronged strategy for demand reduction of Narcotic Drugs & Psychotropic Substances by way of awareness building, Community based intervention for motivational counseling, identification, treatment and rehabilitation of drug addicts, and Training of volunteers/service providers and other stakeholders with a view to build up a committed and skilled cadre. The policy also envisages that a mechanism shall be identified to assess the extent of drug abuse in the country through National Household Survey or otherwise. Such survey shall be repeated every five years so that the change and pattern of drug abuse can be studied and the impact of various measures taken for drug supply and demand reduction can be assessed.

7.8.4 Relevant UN Conventions

India is a signatory to three United Nations Conventions, namely:

- (i) Convention on Narcotic Drugs, 1961;
- (ii) Convention on Psychotropic Substances, 1971; and
- (iii) Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances, 1988.

Thus India also has an international obligation to, inter alia, curb drug abuse. The United Nations General Assembly, in its 20th Special Session in 1998, has accepted demand reduction as an indispensable pillar of drug control strategies. The demand reduction strategy consists of education, treatment, rehabilitation and social integration of drug addicts for prevention of drug abuse.

7.8.5 Drug Abuse Prevention Strategy including successful experience of some selected States

The Ministry of Social Justice and Empowerment recognizes drug abuse as a psycho-socio-medical problem, which can be best handled by adoption of a family/community-based approach by active involvement of NGOs/Community Based Organisations (CBOs). The strategy for demand reduction is three pronged:

- a) Awareness building and educating people about ill effects of drug abuse.
- b) Community based intervention for motivational counseling, identification, treatment and rehabilitation of drug addicts, and
- c) Training of volunteers/service providers and other stakeholders with a view to build up a committed and skilled cadre.

The Ministry of Social Justice and Empowerment in collaboration with National Bal Bhavan, New Delhi, has started an awareness generation programme among the children of the age group of 12-16 years. The project is being implemented in the whole country through a series of activities like poster making, creative writing, lecture, rally, nukad natak, etc. at local, zonal and national level. The Ministry of Social Justice & Empowerment in collaboration with Nehru Yuva Kendra Sangathan is also implementing another awareness generation programme among the youth in the State of Punjab and Manipur. This programme is covering 3000 villages of 10 Districts in the State of Punjab and 750 villages of 7 Districts in the State of Manipur.

Shri Mukul Wasnik, Minister of Social Justice and Empowerment and Shri Kapil Sibal, Minister of Human Resource Development, Communications and Information Technology formally launched the country wide awareness generation programme by National Bal Bhawan against the alcoholism and drug abuse among adolescents of the age group of 12-16 on 26th June 2011

7.8.6 International Day against Drug Abuse and Illicit Trafficking:

26th June is observed as an "International Day Against Drug Abuse and Illicit Trafficking". The Ministry launches a national level awareness campaign each year on this occasion. This year also all the State Governments, related central Ministries, all the RRTCs and Delhi based NGOs were directed to organize appropriate awareness generation programmes. Slogans in form of tickers were also broadcasted on a number of TV channels in the month of June. A programme for observance of the International Day against Drug Abuse and Illicit Trafficking was organized in the Mavalankar Auditorium on the 26th June this year. The Hon'ble Minister of Human Resource Development, Communications and Information Technology was the Chief Guest and Hon'ble Minister for Social Justice & Empowerment chaired the function. An audio Visual Presentation on country wide awareness generation programme among adolescents of the age group of 12-16 years was made by the children of National Bal Bhawan. Nehru Yuva Kendra Sanghathan (NYKS) also made an Audio Visual Presentation on awareness generation project being implemented in the State of Punjab and Manipur. 7.8.7 National Consultative Committee on De-addiction and Rehabilitation (NCCDR)

A National Consultative Committee on De-addiction and Rehabilitation Services (NCCDR) under the chairpersonship of Minister for Social Justice & Empowerment was constituted in July, 2008. The Committee has representation of various stakeholders, which also include agencies dealing with supply and demand reduction. The Committee advises the Government on issues connected with drug demand reduction, education/awareness building, de-addiction and rehabilitation of drug-addicts. The first meeting of the Committee was held on 10.12.2008. Two major recommendations which emerged in the meeting were:

- (i) To bring about further necessary changes in the Scheme for Prevention of Alcoholism and Substance (Drugs) Abuse and
- (ii) To formulate a national policy on Prevention of Alcoholism and Substance Abuse and rehabilitation of its victims.

A sub-committee of the NCCDR was constituted on 28.02.2009 to take necessary steps in regard to both the above recommendations. The Sub Committee submitted its recommendations in July 2010 (i) suggesting changes in the ongoing scheme on de-addiction and (ii) a draft for formulation of a policy on drug demand reduction. Suggestions of all the stakeholders were invited on the draft policy paper prepared by the Sub-committee. These recommendations on the changes to the scheme and the draft national policy were discussed in the Second meeting of NCCDR. Further action on revising the Scheme for Prevention of Alcoholism and Substance (Drugs) Abuse and redrafting the national policy on Prevention of Alcoholism and Substance Abuse and rehabilitation of its victims is being taken as per the suggestions received.

7.9 Central Sector Schemes

7.9.1 Assistance to Voluntary Organisations for Prevention of Alcoholism and Substance (Drug) Abuse and for Social Defence Services

'Scheme of Assistance for the Prevention of Alcoholism & Substance (Drugs) Abuse and for Social Defence Services' is the flagship scheme of the Ministry in the field of drug demand reduction. The Scheme has two parts viz. (i) 'Assistance for the Prevention of Alcoholism & Substance (Drugs) Abuse' (Part I) and (ii) 'Financial Assistance in the Field of Social Defence' (Part II).

(i) Assistance to Voluntary Organizations for Prevention of Alcoholism and Drug Abuse

The Scheme of Assistance for the Prevention of Alcoholism and Substance (Drugs) Abuse is being implemented for identification, counseling, treatment and rehabilitation of addicts through voluntary and other eligible organizations. Under this scheme, financial assistance up to 90% of the approved expenditure is given to the voluntary organizations and other eligible agencies for setting up/running Integrated Rehabilitation Centre for Addicts (IRCA), Regional Resource and Training Centres (RRTC), for holding Awareness-cum-deaddiction camps (ACDC) and Workplace Prevention Programmes etc. In case of North-Eastern States, Sikkim and Jammu & Kashmir, the quantum of assistance is 95% of the total admissible expenditure. The balance has to be borne by the implementing agency.

Some of the important features of the scheme are:

- (i) The honorarium rates for service providers of the Integrated Rehabilitation Centres for Addicts (IRCA) projects have been enhanced,
- (ii) Provision for food for inmates who are below poverty line (BPL) has been introduced at the rate of Rs. 900/- per month per inmate,

- (iv) The 15 and 30 bed IRCA can be upgraded to 20 and 40 beds respectively, in the urban areas and the North-East.

The financial and physical achievement for the last three financial years under the scheme is as under:

(Amount in Rs crore)

A list of Voluntary Organizations that received grant-in-aid during 2011-12 is at Annex- 7.12.

(ii) Financial Assistance in the Field of Social Defence

The Scheme of 'General Grant-in-Aid Programme for Financial Assistance in the Field of Social Defence' aims to:

- i. Meet urgent needs falling within the mandate of the Ministry which cannot be met under the regular schemes and
- ii. Support such initiatives of an innovative/pilot nature in the area of welfare and empowerment of the Ministry's target groups, as cannot be supported under its regular schemes.

Financial assistance is given up to 90% of the approved expenditure to the voluntary and other eligible organizations. In case of an organization working in a relatively new area where both voluntary and Government effort is very limited but the need for the service is very great the Government may bear up to 100% of the cost.

The financial and physical achievements for the last three financial years under the scheme are as under:

The major funding under the scheme has been to the Jammu & Kashmir Rehabilitation Council for Rehabilitation of Widows, Orphans, Handicapped and Older Persons. For last five years an amount of Rs.300 lakh each was released to the Council.

7.9.2 Training and Research in the field of alcoholism and drug demand reduction

National Centre for Drug Abuse Prevention (NCDAP)

Training is an important component for capacity building and skill development for the service providers. It is important to have exposure to the new trends regarding the kind of drugs abused, medical and psychiatric problems, new medicines/methodologies available for the treatment of addiction through

participation in training programmes and conferences. Updating and training through refresher courses also needs to be provided to existing staff. A National Centre for Drug Abuse Prevention (NCDAP) was established in 1998, in the National Institute of Social Defence (NISD) at New Delhi to serve as an apex body for training, research and documentation in the field of alcoholism and drug demand reduction.

Regional Resource and Training Centres (RRTC)

Ten Non-Governmental Organizations (NGOs), with long years of experience and expertise in treatment, rehabilitation, training and research have been designated as **Regional Resource and Training Centres (RRTCs)** for different regions of the country. These serve as field training units of National Centre for Drug Abuse Prevention (NCDAP) on various aspects of demand reduction. RRTCs provide the following services to the NGOs working in the field of Drug Abuse Prevention:

- Documentation of all activities of the NGOs including preparation of Information Education Communication (IEC) material.
- Undertaking Advocacy, Research and Monitoring of drug abuse programmes.
- Technical support to the NGOs, Community Based Organisations and Enterprises.
- A list of ten RRTCs, with the details of States/UTs attached to each, may be seen at Annex-7.13.

7.10 National Institute of Social Defence (NISD), New Delhi

The National Institute of Social Defence was a subordinate office under the Ministry till it became an autonomous organization on 15.7.2002 as a society registered under the Societies Registration Act, 1860 and is the nodal training and research Institute for interventions in the area of Social Defence. The objective of the Institute is to strengthen and provide technical inputs to the social defence programmes of the Government of India and to develop and train the manpower resources required in the area of social defence. The Institute is mainly involved in conducting training programmes pertaining to care for senior citizens, drug abuse prevention and other social defence issues. NISD also undertakes consultation/ seminar on policies and programmes in the field of social defence to anticipate and diagnose social defence problems and develop programmes for prevention, rehabilitation and cure.

During the year 2011-12, the budget allocation was Rs.11.25 crore (Plan Rs.10.00 crore and Non Plan Rs.1.25 crore). At the Revised Estimate stage, the allocation was Rs.7.00 crore (Plan Rs.6.00 crore and Non Plan Rs.1.00 crore). As on 31.1.2012, Rs. 6.25 crore (Rs.5.00 crore under Plan Rs.1.25 crore under Non-Plan) was released to the Institute. During this period, the Institute conducted 226 Drug Abuse Prevention programmes for 5650 beneficiaries, 127 Old Age Care programmes for 4445 beneficiaries and 31 Social Defence programmes for 1218 beneficiaries.

CHAPTER 8 - IMPLEMENTATION OF PROGRAMMES IN THE NORTH EASTERN REGION

8.1 Introduction

8.1.1 The North Eastern Region (NER) comprises 8 States namely, Assam, Tripura, Manipur, Meghalaya, Nagaland, Arunachal Pradesh, Mizoram and Sikkim. The State-wise total population and population of SCs, Persons with disability (PDs) and Senior Citizens (Sr. Ctz.) are given in the table below:

State-wise Population of Scheduled Castes (SCs), Persons with Disability (PD) and Senior Citizens in the North Eastern Region

(Population in Lakhs)

| State | Total Popn. | Scheduled Castes | | Persons with Disabilities | | Senior Citizens | |

Source: Census of India - 2001

8.1.2 It would be seen from the above that all the States of the NE Region, except Tripura (17.4%), have proportion of SC population much below the National average of 16.2%. Nagaland have no SC population while percentage of SC population in Arunachal Pradesh, Mizoram, Meghalaya is less than 1%.

8.1.3 The percentage of persons with disability (PD) to total population in the region is 1.9%, which is lower than the national figure of 2.1%. However, two of the eight NER States, namely, Arunachal Pradesh and Sikkim have percentage of PD population above the national average. All States in the region have population of senior citizens below the national average of 7.5%, while average for the NER is 5.8%.

8.1.4 The region is understood to be quite affected by substance abuse due to its proximity to the "Golden Triangle", one of Asia's two main illicit opium-producing areas. However, proper estimates of drug affected population are not available.

8.1.5 Similarly, the estimates of population belonging to OBCs are also not available. The Central Government as well as State Governments have not notified any OBCs for Arunachal Pradesh, Nagaland, Mizoram and Meghalaya. According to Mandal Commission report, Nagaland does not have any OBC communities.

8.1.6 For over all development of the NE Region, the Government of India decided in October 1996 that all Ministries/Departments should make a lump sum provision of 10% of their annual plan allocation for projects/schemes in northeastern States (including Sikkim), unless specifically exempted keeping in view the nature of work carried out by a Ministry. The Ministry of Social Justice and Empowerment has however been exempted from making a provision of 10% of the total plan allocation in so far as SC development is concerned, by a Govt. decision of November, 2000, since the population of the Scheduled Castes in the northeast region was only 1.55% (Census, 1991) of the total Scheduled Caste population of the country. Accordingly, the Ministry has been permitted to make provision of 2% of the total allocation in a year for Scheduled Caste development for the North East. The norm of 10% allocation, however, applies to all its sectors other than Scheduled Caste development viz. Development of OBCs, Empowerment of persons with disabilities, and Social Defence. According to Census, 2001, percentage of population of Persons with Disabilities and Senior Citizens in NER of total respective population in the country was 3.3% and 2.9%, which is closer to the proportion of total population of NER which is at 3.8%. However, percentage of SC population in the region out of total SC population in the country was just 1.49% which is far lower than the percentage of total population of NER.

8.2 Plan Outlay of the Ministry, and outlay earmarked for NER

8.2.1 The plan outlay of the Ministry from 2007-08 to 2011-12 and out of that, outlay earmarked for NER were as under:-

(Amt. in crore Rs.)

| Sl. No. | Year | Total Plan Outlay (RE) of the Ministry | Plan Outlay for NER (RE) | NER outlay as % of total outlay |
|---------|---------|--|--------------------------|---------------------------------|
| 1 | 2007-08 | 2200.00 | 85.80 | 3.9 |
| 2 | 2008-09 | 2400.00 | 94.75 | 3.9 |
| 3 | 2009-10 | 2500.00 | 96.24 | 3.8 |
| 4 | 2010-11 | 4300.00 | 167.00 | 3.9 |
| 5. | 2011-12 | 5123.00 | 190.80 | 3.7 |

As mentioned in Chapter III, approximately 78.45% of the total plan outlay of the Ministry is for the development of SCs and only 21.55% for other sectors during 2011-12. Considering that 3.9% of funds for the development of SCs and 10% of the remaining funds are allocated for NER, approximately 3.97 of the total funds get allocated for NER.

8.3. Budget Allocation and Expenditure in NER

8.3.1 The Budget Estimates (BE), Revised Estimates (RE) and Expenditure in NER during XI plan are as under:

(Amounts Rs. in crore)

| Sl. No. | Year | BE | RE | Expenditure | % utilization |
|---------|---------|--------|--------|-------------|---------------|
| 1. | 2007-08 | 78.38 | 85.80 | 66.58 | 77.6 |
| 2. | 2008-09 | 94.75 | 94.75 | 55.40 | 58.5 |
| 3. | 2009-10 | 99.50 | 96.24 | 71.32 | 74.12 |
| 4. | 2010-11 | 184.00 | 167.00 | 86.62 | 51.87 |
| 5. | 2011-12 | 207.00 | 190.80 | 117.21 | 61.43 |

8.4 Sector-wise/Scheme wise Achievements in NER during 2011-12

8.4.1 Out of 51 schemes for which allocation was made for the NE region, funds were released under 28 schemes as per details as under -

8.5 Steps taken to improve the utilization of funds in the NER

8.5.1 The following steps have been taken to improve utilization of funds in the NE region:

- (i) In order to provide publicity, various schemes implemented by the Ministry have been put on its website. Further, a radio programme namely 'Sanwarti Jayen Jeevan Ki Rahen' is being broadcast in all regional languages of the NE States through All India Radio.

CHAPTER 9 - GENDER BUDGETING

9.1 Introduction

9.1.1 Gender Budgeting is an exercise to translate stated gender commitments of the Government into budgetary commitments. This is a strategy for ensuring Gender Sensitive Resource Allocation, entails affirmative action for empowering women and enables Tracking and Allocating resources for women empowerment.

9.1.2 The Finance Minister in his Budget Speech, 2004-05, had indicated the need for budget data being presented in a manner that highlights gender sensitivities of the budgetary mechanism. Pursuant to this announcement, the Ministry of Women and Child Development had, in October 2004, identified 9 Ministries/ Departments including this Ministry for preparation of Public Expenditure profile of their schemes and conduct beneficiaries incidence analysis from a gender perspective.

9.1.3 The target groups of the Ministry are the most disadvantaged sections of society. Women in these target groups face still greater discrimination and lack access to various services. There has been continuous endeavor on the part of the Ministry to specially focus on women in the existing plan schemes. Further, there has also been an effort to take up schemes which are especially for women.

9.2 The following schemes of the Ministry have special provisions for women beneficiaries:

- (i) Special Central Assistance to Scheduled Castes Sub-Plan (SCA to SCP) - Under the Scheme, 15% of the budgetary allocation is earmarked for women.
- (ii) Scheme of Assistance to Disabled Persons for purchase/fitting of Aids and Appliances (ADIP Scheme) - Under the Scheme, 30% of the budgetary allocation is earmarked for women.
- (iii) Scheme for National Overseas Scholarship - Under the Scheme, at least 30% of the budgetary allocation is earmarked for women.
- (iv) Babu Jagjivan Ram Chhatrawas Yojana-Under the girl's hostel component of the scheme, 100% Central Assistance is provided for new construction and expansion of existing girls' 'hostel building' to State Governments (as against 50% assistance for boy's hostels).
- (v) Hostels for OBC boys and girls - Under the Scheme, the Ministry provides 50% Central Assistance to States for boys' and girls' hostels.

9.3 Schemes of Finance & Development Corporations specially focusing on Women

Schemes for women beneficiaries of the Ministry's Apex Corporations are given below:-

9.3.1 National Scheduled Caste Finance & Development Corporation (NSFDC)

NSFDC has been laying emphasis on coverage of more and more women beneficiaries under its Lending Programmes. The Lending Policy of NSFDC earlier stipulated coverage of 30% women beneficiaries

in physical terms. NSFDC has been consistently meeting this norm as evident from the figures of last two years in which 59% and 66% women beneficiaries were covered during 2010-11 & 2011-12 respectively.

Schemes for Women Beneficiaries

(a) Mahila Samridhi Yojana (MSY)

NSFDC introduced MSY as an exclusive Micro-Credit Scheme for women beneficiaries during 2003-04 to provide loans upto Rs.25,000/- per unit at an interest rate of 4% p.a. as compared to the Micro-Credit Finance Scheme. During the year 2006-07, the unit cost limit under MSY was raised to Rs.30,000/- with the repayment period of 3 years in order to enable the women beneficiaries to take up income generating activities with higher investment.

(b) Mahila Kisan Yojana (MKY)

Considering the fact that Agriculture, constituting 73% of women work force, is getting feminized due to migration of male members of the family to urban areas, NSFDC has launched the MKY w.e.f. 1.5.2008 to provide Term Loans upto Rs.50,000/- at an interest rate of 5% p.a., exclusively to women beneficiaries for taking up income generating ventures in Agriculture and/or Mixed Farming related economic activities.

Consequent upon the recommendations of 'Task Force on Convergences and Coordination of Government Programmes/Schemes for Educational, Economic and Social Empowerment of Scheduled Caste and OBC Women' NSFDC has amended its Lending Policy w.e.f. 1.4.2009 stipulating 40% coverage of women beneficiaries both in Physical and Financial Terms in all its other lending programmes.

The financial and physical achievements under MSY/MKY schemes during the last year and current year are as given below:

| 2010-11 | | 2011-12 | |
|-----------------------------|-------------------|-----------------------------|--------------------|
| Financial (Rs. in crore) | Physical (Nos) | Financial (Rs. in crore) | Physical (Nos.) |
| 30.38 | 17,563 | 15.44* | 21,050 |

*Due to less availability of funds for women beneficiaries under MSY&MKY.

9.3.2 National Safai Karamchari Finance & Development Corporation (NSKFDC)

The target group of NSKFDC i.e. Scavengers, Safai Karamcharis and their dependants are the most downtrodden section of our society. They have been traditionally performing scavenging and sweeping work for generations, which is normally not performed by other sections of the society. The involvement of a majority of adult population in scavenging and sweeping has given them a negative social image and status and such jobs are termed as their traditional occupation.

To enable them to break out from the depressed social and economic conditions, NSKFDC have been implementing various schemes and programmes. The main features of the schemes with women component is given below:

CHAPTER 10-MONITORING AND EVALUATION

10.1 System of Monitoring the Performance of the Schemes/ Programmes

10.1.1 Towards the furtherance of its objectives, the Ministry, inter alia, provides financial assistance to State Government, NGOs and other implementation agencies for programmes meant for the Ministry's target groups; makes the provision of concessional loans (and in appropriate cases, subsidy) to members of target groups for income generating activities through its National Finance & Development Corporations and provides rehabilitation services to and development of rehabilitation professionals for PwDs through National Institutes. The Ministry thus implements its schemes through (i) State Governments/UT Administrations, (ii) Non-Governmental Organisations and (iii) its own organisations viz. National Institutes, Corporations etc and has developed the mechanism for monitoring the progress of the schemes/programmes being implemented through these organizations.

10.1.1 Monitoring Mechanism for the Programmes/Schemes implemented through State Government/UT Administration

10.1.1.1 Various Initiatives taken by the Ministry for monitoring the progress of implementation include the following: -

- I. Performance of schemes is monitored through the quarterly/annual progress reports furnished by the State Governments/UT Administrations.
- II. For the effective monitoring of the all the schemes, Ministry has designated Bureau Heads and Divisional Heads as Nodal Officers for various regions and States/UTs. During the field visits of Officers of this Ministry to States/UTs discussions are held in order to identify constraints and to take corrective measures.
- III. Financial and physical performance is reviewed by the Secretary (SJ&E) with Bureau Heads fortnightly/weekly basis to ensure that the allocations provided for the schemes of the Ministry are fully utilized and to monitor all important activities.
- IV. Selected high priority schemes are monitored at the level of Minister (SJ&E) regularly.
- V. Ministry also organizes Biannual Conference of State Social Welfare Ministers and the Annual Conference of State Welfare Secretaries wherein, inter alia, all the schemes of the Ministry are reviewed. States/UTs have also been advised to strengthen their monitoring mechanism.
- VI. The Ministry also sponsors evaluation studies from time to time through independent evaluation agencies to check whether their benefits reach the target groups.
- VII. Performance Management Division (PMD) of Cabinet Secretariat has developed a Performance Monitoring and Evaluation System (PMES) with the approval of Prime Minister for monitoring and evaluating the performance of the Government Ministries/Departments. In pursuance of the directions of the Cabinet Secretariat, Ministry has prepared a Results-Framework Document under

which all the major schemes of the Ministry are included for monitoring by the High Powered Committee constituted by the Cabinet Secretariat.

- VIII. To have a close watch by people's representatives especially MPs on the working of NGOs receiving funds under its various schemes, Ministry vide its Order dated 13.2.2012 has decided to endorse a copy of the sanction letters of Grant in aid released to NGO(s), to the concerned MPs, in whose constituency the particular NGO is working, for his information and appropriate action. The modalities for implementation of this Order from 2012-13 are being worked out.
- IX. For effective monitoring the progress and utilization of funds under its major schemes, a proposal for constitution of Vigilance-cum-Monitoring Committees at the State and district levels is under active consideration of the Ministry in consultation with the Planning Commission. These Committees would be expected to keep a regular watch on the implementation of the Programmes as per the prescribed procedures and guidelines. These Committees would, inter alia, include Members of Parliament, State Legislatures and Panchayati Raj Institutions (PRIs).
- X. Other initiatives taken by the Ministry for effective implementation of the Schemes include the following:
- i. The Ministry has set up a Monitoring Committee for monitoring implementation of Aids and Appliances and other disability related schemes in all States/UTs.
 - ii. National Institutes and Composite Regional Centres under this Ministry have been assigned specific territorial responsibilities for monitoring the implementation of the disability related schemes including distribution of Aids and Appliances.
 - iii. Fresh/subsequent releases of grants to State Governments/NGOs during a year are made only on receipt of audited Utilization Certificates in respect of previous grants sanctioned which have become due.
 - iv. State Governments/UT Administrations are also advised to monitor the schemes/programmes implemented through NGOs

10.1.2 Monitoring of schemes Implemented through NGOs

10.1.2.1 Besides the Monitoring and Control Mechanism, as detailed under para 10.1.1, for monitoring the performance under various schemes of the Ministry, the following important steps are taken/proposed to be taken by the Ministry for monitoring the implementation of the various schemes implemented through NGOs:

- The present practice of release of grants wherein State Governments do not adhere to the time limit for recommending proposals often leads to delay, resulting in poor delivery /non-delivery to the beneficiaries. Hence, State Governments are requested to send the Inspection Report and State GIA Committee recommendation well in advance, i.e. on or before 31st July of the financial year.

- This Ministry obtains utilization certificate and audited accounts duly certified by a Chartered Accountant from the grantee NGOs, in order to ensure proper utilization of funds and release funds for subsequent year is considered after receipt of utilization certificate of previous year's grant.
- Each NGO is required to be inspected by the State Government every year, and grant is considered after receipt of recommendation of the State level grant-in-aid committee along with the inspection report and other relevant.
- Ministry, in consultation with NIC, has initiated a proposal for the Pilot System for online submission of proposals of NGOs by State Government to this ministry and tracking of these proposals during their processing in the States of A.P., Maharashtra, Orissa, UP, Assam and NCT of Delhi in respect of the Schemes of Deendayal Disabled Rehabilitation Scheme, Grant-in-Aid to Voluntary Organizations working for SCs, and an integrated Programme for Older Persons
- With a view to ensuring quality of services rendered through the NGOs, the Ministry has prepared a 'Manual on Minimum Standards for the programmes under the Scheme 'Prevention of Alcoholism and Substance (Drugs) Abuse' with emphasis on facilities and services to be provided at the Rehabilitation Centre, roles and responsibilities of the staff, clients rights and the code of ethics for the staff.
- The feedbacks from the stakeholders as well as the outcome of the independent evaluation of the schemes/programmes are invariably taken into consideration while undertaking the revision in the schemes/projects of the Ministry for effective implementation.
- To make the processing of the proposals for grant-in-aid more simple and streamlined, the following procedural modifications were introduced with effect from December, 2009
 - (i) In all cases recommended by the State Governments' Grants-in-Aid Committee within the State's notional allocation, the first installment of GIA to the extent of 50% of the recommended amount will be considered for release without detailed scrutiny of the proposal, but subject to the condition that no Utilization Certificate of more than one year is pending. Thereafter, the second installment in each case will be considered for release after detailed scrutiny.
 - (ii) Earlier, NGOs needed to submit, with their proposal every year, the following documents, which normally remain unchanged, over the years: (a) Registration Certificate under the Societies Registration Act, 1860/Indian Trust Act, 1982; (b) Memorandum of Association, and (c) Rules and Bye-laws of the Society/Trust. In order to dispense with the requirement of repeated submission of these documents, it was decided that except Registration Certificate, the other two documents are not required to be submitted by the NGO every year, unless there is some change.
- The Ministry has enhanced the limits of approval for annual grant-in-aid to individual projects, including ADIP cases, at various levels in November, 2011, as per the details given below:

| Level at which Approval is Required | Financial Limits of Annual Grant-in-Aid to Individual NGO Projects, including ADIP Cases | | | |
|--|--|-------------------------|---|-------------------------|
| | Prior to the enhancement as per Order dated 21.1.2008 | | Enhanced powers as per the Order dated 17.11.2011 | |
| | On-going Cases | New Cases | On-going Cases | New Cases |
| 1 | 2 | 3 | 4 | 5 |
| Concerned JS/Bureau Head | Up to Rs.10 Lakh | - | Up to Rs.20 Lakh | - |
| Secretary, SJ&E/ Special Secretary, SJ&E /AS, SJ&E | Between Rs.10 to 15 Lakh | Up to Rs.2 Lakh | Between Rs.20 to 30 Lakh | Up to Rs 5 lakh |

| Minister, SJ&E | Above Rs.20 Lakh | Above Rs. 5 Lakh | Above Rs. 40 Lakh | Above Rs. 10 Lakh |

- For streamlining of procedures for grant-in-aid proposals from NGOs, capacity building of NGOs and for putting in place a better and more effective review and monitoring mechanism, a consultation meeting was held under the Chairmanship of Shri Mukul Wasnik, Minister of Social Justice & Empowerment with Members of Parliament, State Government officials and selected NGOs on 18th May, 2011. Action points emerged from these consultations are being attended to by the concerned officials of the Ministry.

**EVALUATION/RESEARCH STUDIES RECEIVED AND EXAMINED DURING 2011-12
ALONG WITH THEIR MAIN FINDINGS AND RECOMMENDATIONS**

| S. No. | Title of the Study | Organization | Year of sanction of Study | Main Findings/Recommendations |
|--------|--|---|---------------------------|--|
| 1. | An Evaluation of Self Employment Scheme for Rehabilitation of Manual Scavengers | Himalayan Region Study and Research Institute, Delhi. | 2008 | <p>The Study: - The study was conducted in 5 districts each in the three States, namely, Himachal Pradesh (Bilaspur, Kanga, Mandi, Shimla and Solan), Madhya Pradesh (Bhind, Bhopal, Dhar, Gwalior and Jabalpur) and Maharashtra (Amarawati, Arungabad, Mumbai City, Nagpur and Pune). The study was aimed to found out whether manual scavengers in these States have been economically rehabilitated in alternative occupations.</p> <p>Findings: - The study found that majority of beneficiaries were literate in the Himachal Pradesh and Maharashtra while 50.40% of beneficiaries in Madhya Pradesh were illiterate. 96.57 percent, 97.58 percent and 94.60 percent of beneficiaries in Himachal Pradesh, Madhya Pradesh and Maharashtra respectively reported their monthly family expenditure between Rs. 4,000 to Rs. 8,000. 97.58 percent of beneficiaries in Madhya Pradesh, 60.10 percent of beneficiaries in Himachal Pradesh and 15.20 percent of beneficiaries in Maharashtra lived below poverty line.</p> <p>Recommendations: - The study found that by and large the trades identified by the beneficiaries were not effective to provide them alternative occupations, because no counselling was provided to them in this regard. It was found that State channelizing agencies did not factor in, viability of a particular trade in the market based on local conditions, requirements etc. The loan amount was found inadequate by the majority of the beneficiaries in all the States. There should not be any financial ceiling but it should be decided on the basis of viability of the proposals. Rehabilitation package for the trained beneficiaries should be according to their trade of training. Assessment Officers may be appointed by the Apex Corporation at district level to facilitate the progress of the Scheme and for spot verification of the beneficiaries. A responsible person from the State Channelizing Agency should be entrusted and accountable with the work of physical verification of the scheme.</p> |
| 2. | Impact Assessment of Economic Development Schemes of National Safai Karmcharis Finance & Development Corporation | Centre for Research, Planning & Action, New Delhi | 2008 | <p>The study: - The study was conducted in four States namely Himachal Pradesh, Maharashtra, Rajasthan and Uttar Pradesh to survey out the number of beneficiaries in selected districts where economic assistance was provided by National Safai Karmcharis Finance & Development Corporation (NSKFDC) through its channelizing agencies in States. Only 29.3% of all the beneficiaries availed benefits under Mahila Samridhi Yojana. 20.6% received grant for Skill and Entrepreneur Development.</p> <p>Recommendations: - There is greater need for training of Safai Karamcharis availing loans/grants from NSKFDC in setting up some enterprise or avenue for self employment. Such assistance is particularly required in U.P. and Rajasthan. The amount of loan and subsidy may be increased keeping in view rise in prices and cost of living.</p> |

The average extent of land possessed by the OBCs household in Andhra Pradesh was 5.48 acres whereas in Tamil Nadu 4.88 acres.</p> <p>Recommendations: - The average unit cost of each scheme to the tune of Rs. 30,000/- per family in Andhra Pradesh and Rs. 50,000/- in Tamil Nadu needs to be increased to Rs. one lakh and above. A sizeable assistance is released in the agriculture sector in both the States where the credit flow is not enough. The credit flow to the farming community needs to be ensured adequately by the agencies like NABARAD. Food and Agro based industries have a high potential to improve.</p> |
