# VOICES OF THE DNT/NT COMMUNITIES IN INDIA

**National Commission for Denotified,  
Nomadic and Semi-Nomadic Tribes  
(Ministry of Social Justice & Empowerment)**

9<sup>th</sup> Floor, Jeevan Prakash Building, 25 K.G. Marg,  
New Delhi – 110 001

**NATIONAL COMMISSION  
FOR  
DENOTIFIED, NOMADIC  
AND  
SEMI-NOMADIC TRIBES**

*Voices of the DNT/NT Communities in India*

**Visit of Chairman and Member to the State of Rajasthan and receiving representations/grievances from local DNT/NT people**

## CONTENTS

	<b>Page No.</b>
1. Foreword from Chairman	1
2. A note from Member Secretary – <i>'Voices of DNT/NT Communities in India'</i>	3
3. Summary of grievances received (State wise)	9
4. Analysis of Grievances/Policy implications	24

## ANNEXURES

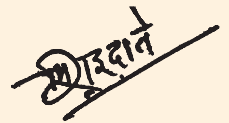

Annexure-1 : List of States/Communities visited/met	31
Annexure-2 : State wise grievance statement	33
Annexure-3 : List of Communities seeking inclusion	118

# Foreword

Government of India has constituted a National Commission for Denotified, Nomadic & Semi-Nomadic Tribes with a mandate to identify and prepare a state-wise list of DNT/NT, apart from assessing the status of their inclusion in SC/ST/OBC, identification of areas where they are densely populated, reviewing the progress of development and suggesting appropriate measures for their upliftment. Commission came into existence from 9<sup>th</sup> January, 2015.

2. The Commission led by me made extensive visits, visited 20 states, held meetings with 15 State Governments, met nearly 123 communities in their locations and saw their living conditions and received nearly 834 grievances/representations from the community people, leaders and associations.
3. These visits and the grievances have given a new vision to us and views of the people, especially the down-trodden people who are yet to see the ray of hope. The publication of the document "Voices of the Denotified, Nomadic & Semi-Nomadic Tribes" is a very big effort towards achieving the objectives of the Commission.
4. I compliment the efforts of Member Secretary and his colleagues.

**(Bhiku Ramji Idate)**  
Chairman  
NCDNT

# Voices of the Denotified, Nomadic & Semi-Nomadic Tribes in India

H.K. Dash, IAS (Retd.)  
Member Secretary

Government of India has constituted a National Commission for Denotified, Nomadic & Semi-Nomadic Tribes with a mandate to identify and prepare a state-wise list of DNT/NT, apart from assessing the status of their inclusion in SC/ST/OBC, identification of areas where they are densely populated, reviewing the progress of development and suggesting appropriate measures for their upliftment. Commission came into existence from 9<sup>th</sup> January, 2015.

2. The Commission visited the DNT/NT communities extensively and attended the sammelan of various associations in Maharashtra, Madhya Pradesh and also communities in Rajasthan, UP, Telangana, Chhattisgarh, etc. During the visit of the Commission, it has become customary for all these communities showing great enthusiasm and response. They will, especially the youth with their mobile phones, always pose for photographs when they submitted their grievances and representations, or otherwise.

3. Commission also adopted practice of having meetings with community leaders in groups in various places starting from Gujarat and inviting them to make presentations before it. From the various communications, representations and memoranda, it was noticed that they have a large number of developmental issues pertaining to their legal status and they bring up well on various research data and notifications, etc.

4. The grievances collected from various sources during the state visits not only give a list of organisations, associations and the names of community leaders but also their demands and suggestions for policy changes including anomalies in the status of their communities from state to state and their desire for shifting from one category to another of caste and tribes amongst SC/ST/OBCs.

5. These grievances are analysed, state-wise and sent to the respective competent authorities for action and are monitored from the office of the Commission. The way

leaders of these communities present their cases suggest that these communities are not only engaged in their efforts to find expression in socio-economic life and political life but also they are well prepared with intellectual and legal documentation to support their views.

6. They depict not only the life-style and culture of the communities, but also give a larger picture about their population, demographic details and their locations, habitat and traditional occupation, etc. Many communities are facing deeper crisis because of the loss of traditional occupation and declining population. In few months, we covered 20 states, 123 communities and 834 grievances were received. 142 representations are received in which people are asking for inclusion in other category from the present such as SC to ST or like that.

7. When we started this system of analysing and following up of the grievances and started preparing tour reports of visits of communities, meetings with community leaders and state governments, they provided a treasure of information for this Commission which will be useful for supporting views and action for the betterment of the people.

8. The communities feel that for years they have been ignored, neglected and remained downtrodden. There was no way in which they could express their grievances. This is a very big chance to solve their problem with the present Government appointing a Commission to study their problems. Some feel this could be 'a last big chance' to get their social issues addressed.

9. These grievances and demands have to be analysed and presented with a rationale legal framework to be translated as recommendations when they can be accepted for processing as decisions. Of course, there may be need for social political consensus. A good, scientific report can achieve this. To that end, the Commission is committed to work and achieve, in the shortest possible time.

10. The people, who were notified as Criminal Tribes during British rule and were denotified after independence in 1952, have been known as denotified tribes, based on the report of Ananthasayanam Ayyangar in 1949-50. The Committee listed nearly 163 communities in the erstwhile British Territories apart from those who lived in the then states as given in the Annexure. There are also many nomadic tribes who were part of these DNT communities.

11. The 1931 census noted that "these communities were the most oppressed" although they did not undergo the social untouchability as in the case of caste known as

scheduled castes. These are the people who were dishonoured by history, branded by law and rejected by societies as experts write volumes on their woes.

12. There are also many nomadic tribes who earn their living through street plays, rope walking, playing music and entertainment to people in the streets, through use of animals like monkeys, snakes and cows, etc. Some communities live by virtue of their traditional occupation such as making bamboo baskets, toys of waste materials or making of agricultural tools etc. Some even live on catching birds, rats, etc. Some even live on making small trades or hunting.

13. As some experts opine, some of the denotified tribes and nomadic tribes who had exposure and proximity to British officials, education, land and property, etc. and were prepared to forego their traditional occupation, they started progressing well and became “visible communities” in DNT/NT. Others still live in poverty, squalor, illiteracy, even under severe economic deprivation and malnutrition.

14. After independence, the erstwhile aborigines were classified as scheduled tribes, the untouchables were classified as scheduled castes and others included in the backward classes. Although, many of the denotified, nomadic and semi-nomadic tribes are spread among SC/ST/OBC, many are still not classified anywhere and have no access to socio-economic benefits whether education, health, housing or otherwise. Many communities are facing decline in population.

15. Except a few states like Maharashtra, Gujarat etc. some of these communities figure in various classifications in the states such as Backward Tribe (Puducherry), Most Backward Classes (Tamil Nadu), Extremely Backward Classes (Bihar), ‘Original settlers’ in Arunachal Pradesh, Primitive Tribes (Jharkhand/Odisha), Hill Tribes (Assam) etc. In some states they are called ‘Tribal Settlers’. In some states they are called ‘Hidden Tribes’ etc. Many DNT/NT communities tried to hide their castes for fear of harassment of the British. Many communities tried to hide their caste so that they are grouped as ‘Lower Castes’. Many states did not notify them as criminal tribes but in police records, they were noted as criminals.

16. There are many anomalies in terms of identification of these communities, from state to state. Many people also do not know what is Denotified tribe and which authority is looking after their grievances. Recently, this Commission made a recommendation to the Government of India to write to all state governments to form district level Grievances Redressal Committee under the District Collector to hear the grievances of these communities/groups/tribes.

17. During the visits of the Commission, it was noticed that their general conditions of living were very pitiable, poverty, squalor and lack of education are pervasive. Nevertheless, many of the community members have also become conscious of their community rights and have organized themselves in terms of active group with a commitment for the upliftment of their fellow members. They have also equipped themselves intellectually with documents and papers for safeguarding and promoting their cause, from various sources of committees, commissions as well as sociological and historical publications.

18. These communities/tribes account for nearly 10% of community's population as has been mentioned in some writings and there are nearly 820 communities and tribes in India, although some of the community leaders assess that their number would be more with 198 denotified tribes and nearly 1500 nomadic tribes and their population may be even more than 10%. Since basic census data is not available on these tribes/communities, we are intending to undertake a socio-economic survey through some reputed social science institutes.

19. The community visits and meeting with the community leaders bring out various grievances of these groups including food, drinking water, sanitation, education, health, housing, poor infrastructure, etc. Many also complain about not getting caste certificates, not having ration cards, voter ID cards, aadhaar cards, etc. Many places, people have exhibited their voter cards as well as bank cards issued under the Pradhan Mantri Jan Dhan Yojna. Nevertheless, major complaints about caste certificates and ration cards still remain to a large extent.

20. These communities/groups are raising the issues of their inclusion. Nearly 98 representations have been received by the Commission wherein they mention that they need to be classified as scheduled tribes. Many who are already in SC/ST but they are not sub-classified as DNT/NT so they are asking for inclusion as mentioned as DNT/NT in various records.

21. Many active social organisations such as Vidharba Sanghursh Vahini, Nagpur, All India Banzara Sewa Sangh, Mumbai, All India Nomad Gosawi Sangh, Sangli, Andhra Pradesh DNT Association, Andhra Pradesh Poosala Sangam, Maharana Pratap Ghisardi Gadia Lohar Sangam, Maharashtra, Telangana Rashtriya Sachar Jaluta Sangam to mention a few organisations, who have submitted their representations to this Commission. Many speak about the social discrimination, DNT/NTs are facing. In Madhya Pradesh, some people of Banjara Community narrate an anecdote that in Maharashtra people of DNT/NT have reservation, so they are prosperous. Result is that Banjara youth of Maharashtra do not marry girls of Madhya Pradesh.

22. The students in Telangana, on their own volition, have conducted economic survey of DNT/NT communities in Telangana and have given a report to the Chairman. Accordingly, only 18% of the groups surveyed by them have access to agricultural land, 12% work in private companies, 11% work as drivers, 4% work in government, only 15% have their own house, only 4% are graduates, etc. All these show the initiatives such communities are taking for the betterment of their society. There is a longing for getting the benefits of development and joining the mainstream.

23. There are many communities whether they are Saperas, Madaris, Bajigars, Sansi or Siklegar, Nath Jogi or Bawa Bairagi or Banjaras, Yunadi, Tharu, Rai Sikhs or Gadia Lohars, Haran Shikari or Ghantichores (Karnataka) Lombardas, Lovanas or Lovanis, Mandula or Dommara, Pusala, Jangam or Gangi Redulla, Rajbhars or Lodhas, Lodhis or Kuravan (Tamil Nadu) or Aheria (UP), there is widespread awareness and demands for development from these communities. We have to prepare a list state-wise of such communities. It has to be a common, agreed and acceptable list to begin with to move towards welfare regime.

24. It may be said that there is no limit to the large number of grievances, representation and memoranda on which the community voices are many. In some places, people wanted full survey of the census of these communities. In some places they want a separate schedule for all the DNT/NT communities. In some places, they want a full Commission to do a fresh survey in the state about these communities in some places there is a demand for inclusion of certain communities in certain groups in SC/ST/OBC depending upon their comfortability.

25. The Tata Institute of Social Science students especially those engaged in Social Science Research of DNT/NT gave a list of demands which succinctly mentions about many of the grievances mentioned above. They talk about unification of DNT/NT in one category, census of the DNT/NT, special DNT/NT economic plan in the budget, housing facility, agricultural land, livelihood promotion, facilities for education, health, protection of women, protection from police harassment, abolition of child labour and bonded labour, abolition of Habitual Offenders Act, etc.

26. While analysing these grievances, representations, memoranda, etc, state-wise lists have been prepared, they have been sent to competent authorities for short term administrative action wherever possible, analysing issues for policy level recommendations which the Commission will address from time to time and include them in the reports to the Government of India and the state governments.

27. The people who were branded as criminal tribes and many who were nomads, were in the watchful eyes of the colonial rulers for their valiant struggle and revolt against the British. Moreover, nomads by tradition, history, culture and adventure, moved from place to place and spread art, science, music, painting, culture, medicine, commodity trade and street entertainment. British feared them not for their nomadic habits but for their potential for spreading anti-British revolt throughout the country.

28. The tribes Pardhi (Bahelia), Lodhi, Mahadev Koli, Kaikadi, Bhil, Munda, Darjis were valiant fighters against the British. From 1818 to 1857, there were cases of armed revolts. The Ramoshis led by Umaji Naik in Maharashtra in Pune, Satara revolted so forcefully that Collector Robertson filed in his report to the government that the rebels were looking for political change. After Shivaji Maharaj he was the first freedom fighter who published the freedom manifesto during Colonial Regime. As Dada Idate says, they were the people who not only fought against British but also protected Indian culture.

29. There was euphoria as well as apprehensions, often bordering on agony, anguish and angry poetic expressions when one meets them. On the whole, this is a very useful tool for bringing about policy initiatives that will help in long run, to bring these communities into the mainstream of development in the country. To express the plight of these people, once Shri K.G. Vanzara, who has worked for the backward classes in Gujarat for years and has established a name for himself in Gujarat, recited a few lines during our visit to Gujarat, which is as follows.

30. The lines quoted are from poet Dushyant Kumar. This summarizes the inner feelings and grievances of large number of DNT/NT. This gives a vision as well as views for moving forward.

“हो गयी है पी आर पर्वत सी, पिघलनी चाहिये,  
इस हिमालय से कोई गंगा निकलनी चाहिये।

हर गाँव हर गली, हर सड़क, हर नगर में,  
लहराते हुये हर लाश चलनी चाहियें।

सिर्फ हंगामा खड़ा करना मेरा मकसद नहीं,  
मेरी कोशिश है कि ये सूरत बदलनी चाहियें।”

31. Lastly, I thank my colleagues, especially Shri H.S. Rawat for carrying out the format and extensive works, in following pages.

# REPRESENTATIONS/GRIEVANCES RECEIVED DURING VISITS TO THE STATES

## **Andhra Pradesh**

Commission visited Andhra Pradesh in April, 2016. It found that nearly 139 communities listed as BCs are divided into A,B,C,D and E Categories. 29% reservation is for BC in education and employment. DNT/NT people which are spread among 54 communities are listed in Group 'A' Category and they are given 7% reservation. Lombadas is the major DNT/NT community. Others are Agni Kurukshetriya, Dasari, Jangam, Pamula, Nakkala, Yrukalas etc. Many communities like to hide their lower identity to show them belonging to higher caste. There are several schemes such as Post- matric Scholarship, Residential Schools, Study Circles, Hostels, Tuition Fee Reimbursement, Training for OBC boys, Construction of Hostels and Residential Schools, Dhobi Ghats, Financial Assistance to Co-operative Societies, Inter-caste Marriage Incentives, BC Finance Corporation and Margin Money Scheme but the DNT/NT boys and girls can avail benefits only as part of OBC.

## **Arunachal Pradesh**

Commission went to Arunachal Pradesh and visited Puroik Community. This community has requested the Commission to further request to the Arunachal State Govt. to implement State High Court order to provide them relief in land resettlement, housing, free education to orphan children, employment opportunities, etc. This community demanded for a 50-60 meters RCC bridge and a 3 K.M. road to be connected between their colony and the main town, connecting school with electricity, hostel facilities for boys and girls, regularity in power supply, irregular water supply and to augment flood control measures to save them from flash floods during rainy season. Further APWSDU sought that Commission may request State Govt. to implement Hon'ble Guwahti HC orders to enable Sullung & others get relief.

## **Bihar**

Commission visited Patna. It met the Chief Secretary and other officers of Social Welfare Department of the State. They were told about the constitution of the Commission. They told that they have no DNT/NT. However, Commission noticed that Bihar has 60 NT communities and the state government needs to do the field visits to meet the community leaders. Commission also visited A.N. Sinha Institute of Social Sciences and discussed DNT/NTs issues with Professors of Institute. Commission also met community leaders and visited communities such as Dom, Yadav, Paswan, Guluria and Nut etc.

## **Chattisgarh**

Commission visited Raipur in Chattisgarh in November, 2015. It met several officers in the State Government and briefed them about the constitution of the Commission. A meeting was held which was attended by the Secretary, OBC Commission, Secretary, SC Commission, Deputy Director, Tribal Research & Training Institute and officers from ST Commission. Commission got a list of different castes of DNT in the State. The Commission came to know that 'NAT' caste is getting all type of benefits but 'Dangchagaha' and 'NAT Danchagha', the subsidiary castes of 'NAT', are not included in DNT hence they are not getting benefits. The Commission was also told that State Government is doing serious efforts to get same included in DNT.

Joint Secretary, Govt. of Chattisgarh informed the Commission that poverty is prevailing in DNT communities and sought for some major steps to be taken in this direction. He said that DNT communities should be included in OBC category hence proposed to take up it with RGI, NCSC and Ministry of Tribal Affairs. Commission also noticed that there is shortage of electricity, water, toilets, primary schools, hospitals in their localities and also no employment for the youth, as a result, 75% of DNT population had left the village. A student has told that her school is located far away from her residence, as such, she walks a distance of 7 KMs. daily on foot to reach school. Because of this reason, many parents do not send their children to school. Commission was informed that about 1,36,000 people of Banjara community live in the state of Chattisgarh.

## **Delhi**

A number of representations have been received from various DNT communities in the state stating that they have no sufficient food and education facilities. Raisikh,

Aheriya Jati and Mangta Ghumantu Samaj in Delhi want to be identified/included in DNT. One Shri Prem Chand informed the Commission that his daughter's name was struck off the rolls of IIT Roorkee due to non-consideration of DNT students possessing ST Category certificate. Similarly, Shri Chotte Lal informed Commission that his daughter Km. Nidhi, who is doing medical studies in AIIMS, is being asked to submit fresh certificate from Govt. of India confirming that DNT students are allowed admission in AIIMS. Other representations from DNT/NTs in Delhi were received stating that a white paper be released, tabled and debated in Parliament on status of VJs, 193 tribes of VJs included in ST list, VJs be declared as freedom fighters on politico historical upheavals, representations be given to the people from Panchayats/Local Bodies to Assemblies and Parliament, separate specific funds be allotted to DNTs by Niti Ayog, separate reservation for VJNTs children, raise a VJNTs regiment in Indian Army, education facilities to DTs children from elementary to PG and diploma degree course with stipend etc.

## **Gujarat**

Commission visited Ahmedabad during October-November, 2015 to attend National Banjara Teachers Conference. Teachers of Banjara Community came from all part of the country to attend this conference and spoke on various problems of Banjara Community in their respective states. In the Conference the teacher representatives stated that alongwith other castes, the Banjaras were also included in the Criminal Tribes Act, 1871 and hence they, too, were tortured. Their business got destroyed and they were left to face torture. However, on 31<sup>st</sup>. August, 1952 their luck shined and they were hereinafter, declared as Denotified Tribes. As a consequence, some Banjaras were included in SC Category while others placed in ST category. However, some Banjara were left to be included in these categories, as a result, they are suffering several problems till now. The dignitaries who attended the conference had demanded that the left-over Banjaras need to be included in SC/ST categories so that all Banjaras are developed socially, economically and politically. In October 2015 and December, 2015 Commission held meeting with community leaders in Ahmedabad, Rajkot, Junagarh etc. and also visited the communities in Gir Forest.

In another visit to Gujarat during April, 2016 Commission noticed that Gujarat has 12 DNT communities and 28 nomadic communities categorised as SC/BC/OBC. They are getting full benefits under SC/ST/OBC. In Gujarat, DNT/NT has exclusive budget provision. Govt. of Gujarat has some of the welfare programmes for DNT/NTs such as Pre-matric

scholarships under which, several students are given scholarships, uniforms, cycles to girl students, private coaching/tuition, hostels, priority in admission in hostels, loan and tool kits, loan for higher education with 4% interest in foreign countries. For marriages and *mangal sutra* schemes they give Rs. 10,000/- to eligible men and women with an income limit. DNT/NT families are given R. 70,000/- as subsidy for construction of houses. This state has constructed 523 settlements for DNT/NT communities, especially '*Madaris*' and '*Saperas*'.

In another visit to Darjipura area in Vadodara, the Commission visited Basahat Community which consist of communities' viz. *Ode, Mararis, Devi Punaks, Gadi Lohar, Byat, Vanzara and Vasava*. About 100 families have been given houses and housing plots. It was noticed that out of 100 families only 3 people were 10+ or Secondary school passed while one was graduate. Of these communities 2% people are in SC, 3% in ST and 90% in OBC. Three communities such as *Ode, Bharawad and Lombai* are not in any of these three categories. Several have Aadhaar Cards, Ration Cards and Voter Cards. They have been given houses. There is no road, no water so they walk 10 Kms. to fetch water. Due to water scarcity they purchase water for Rs. 400-/- per tanker. They don't have toilets. Many widows are not getting widow benefits. Some are still living in '*Jhonpadis*' (huts) so they want housing plots. Commission has apprised them of Govt. policies wherein they can get benefits from the Govt.'s schemes.

Commission also visited Danteshwar and Vadodara where it mingled up with the Vanzara Community. DNT/NT community requested the Commission that they may be given 5% reservation in education like Maharashtra and unfilled vacancies in SC/ST quota be filled by DNT/NT candidates. The community further told that anomalies in the caste and tribes from state to state be removed. All Vanazaras, whether they are Naik, Rathore and others, should be grouped in one category, a common category duly included with all synonyms castes. Even today from district to district, there are differences in inclusion of these groups and also caste certificates issued thereto, in some cases, are not correct.

During visit to Umreth in district Anand the Commission noticed that Gadia Lohar community have been settled in Umreth in pucca houses on the roadside in the city by the State Govt. efforts. Some of them have made commercials encroachments on the road. They want additional plots for the new families. They have also asked for related economic activity to sustain them. Technology up-gradation, government financial support employment with 5 % grace marks were among their other demands. They sought for

issue of caste certificates. Some widows stated that they are not getting 'Widow Sahay' from the state government for want of BPL cards. Some wanted that Dhobi Ghats be allotted to them.

In other visit to Meghraj in dist. Aravali the Commission came across 'Basahat' where *Madaris* are living. The colony was well maintained and clean. However, they complained for drinking water, road and employment. Their children are educated yet they are jobless. A leader from *madari* community stated that their population is nearly 2 crores in India, yet, they are without caste certificates. There are anomalies from state to state. A proper name should be given to the various groups of the same community. The main community and sub-communities, if placed under one umbrella, will help in formulating policies and progress. Being part of OBC, they are not getting due benefits. They sought for issue of licence to enable them continue their traditional occupation of handling snakes and earning by snake charming. People from nomadic tribe said that they moved from place to place for years so they should be given particular benefit as nomads in respect of road, water and employment.

Commission also visited Napda village near Shamlaji town in Aravali district. Commission met the Vanzara community leaders who want immediate employment for Vanzaras. They have serious drinking water problem, no ration cards and no BPL cards are issued, and hence they are not getting access to food grains. Commission advised that if 1,500 people are ready for work, NREGA Scheme could be implemented for providing jobs which the SDM present, agreed to initiate action. Dist. Collector was instructed to identify suitable land for additional plots for housing as asked by the Madari community in Meghraj.

## Himachal Pradesh

Commission has received a number of representations from nomadic tribes living in some districts of the state such as Ponta Sahib (Dist. Sirmor), Dharampur-Kasauli (Dist. Solan), Sanjauli (Dist. Shimla), Nalagarh (Dist. Solan) and Nahan (Dist. Sirmor). This nomadic tribe is spread over some of the districts in the state. They informed Commission that earlier the state govt. had itself allowed them to settle in and they accordingly made their shelters there but now the state govt. intends to remove them. Through their representations the community has requested the Commission to further approach the state government to not remove them from such places. Further, they asked for allotment

of land so that they could make their permanent homes. Most of the people of this community have requested this Commission to further request the state government to provide the permanent houses, education facilities, reservation, fee exemption, toilets, and employment and bank loans at the minimal interest rate. One of the groups of this community has sought for issue of 'Cast Certificate' from the State. However, the representations of nomadic were forwarded to the Dist. Magistrate, Solan Dist. H.P. for further action.

## Haryana

Among several representations received from this state one is from Shri Mangat Ram, R/o village Malikpur, PO Thambad, Tehsil Barada, Dist. Ambala stating that a group of young boys belonging to an upper caste hit a poor boy belonging to SC category, badly in their locality and also threatened him of dire consequences in future. The victim did report this matter to the State Police who did not take any action thereto. In the meantime, the matter in question was also reported to the Commission through a representation. On receipt, the Commission forwarded it to the DCP, Ambala, for taking appropriate action in the matter. DCP Ambala took prompt action in the matter and informed Commission that the matter was solved amicably and no further action was required. In another representation Shri Channuram Bawaria, State President, All India Smasth Bawarias Samaj Sanghtan & DNT Tribes in India, Jatoli, Gurgaon stated that on the evening of 11.11.2015 an insulting gestures was made towards Bawaria Samaj in the running Crime Patrol serial on Sony TV Channel. Commission on its part, forwarded this representation to Ministry of Information & Broadcasting for taking further action in the matter.

A meeting with Shri Balak Ram Sansi, a DNT/NT community leader, alongwith others was held in the Commission's building on 02.06.2016. He stated that Aheria is the synonym of Bahelia. Bahelia is not included in SC/ST/OBC in Punjab and even in DNT/NT list in Haryana but it is included in Aiyanger Committee Report. These communities are earning their livelihood by killing sparrows and birds and sell them. They are not having proper work/profession for their livelihood. They have not been given any privilege in respect of admission of their children in school. Since they are not in DNT/NT in the gazette notification so they are not getting any benefit/aid from the government. They were not identified as DNT/NT at the time of establishment of Renke Commission. They now demand that they should be included in SC as they are included in Haryana for Aheria

Caste. Population of this community is almost 6000-7000 in Haryana. They said that this community is included in the list of SC in Uttar Pradesh. All persons are demanding that Aheria as well as Bahelia should be included in DNT/SC. All India Commission of Backward Classes had admitted that Aheria is the sub-caste of Bahelia. Representative of one of the Kapadia community said that their profession is wandering and begging. He said that Kapadias are included in DNT/NT/SC in Uttar Pradesh. The Chairman has advised them that they should write to State Government with documents that community should be included in the DNT list. In another representation Shri Rajiv Kumar, Akhil Bhyartiya Vimukat Jan Jati Mahasangh, Karnal, desired to meet PM regarding DNT/NTs issues.

## **Jharkhand**

Commission visited Ranchi during January, 2016. Govt. of Jharkhand has shown that total of 26% population belong to PVTG. 35 Kg. of food grains is provided to each family of this community @Re. 1/- per Kg. Ration cards are issued to all. They have no housing problem anymore. Hospitals are available in districts. Commission wanted to know about the scheme of the state government in terms of literacy. It also suggested that through publicity, public opinion may be sought to know what public think of DNT/NTs in the state.

Commission further visited Aman Buruha (Panchayat Humta Bundu) and enquired from them that what they grow as crops and what is their education. It came to notice that only few boys were Matric passed. It was told that Govt. of Jharkhand has provided job to 45 persons from DNT/NTs who were matric passed. In this village total 6- families' existed. Maximum land of 4 acres is only with one family while 3 families are landless. However, there were 10 families who have no Caste Certificates and Ration Cards. Hence no BPL cards were provided to them. Munda Tribe is dominant and they allotted land to Virhor tribe. It came to notice that an NGO namely 'Jan Jagaran Kendra' is working on a project called 'Ajeevika' under the leadership of Shri Gopal Mahto. Males are habitual alcoholic and women disliked it. Virhor tribe is economically weak hence can't afford education to their children beyond 6<sup>th</sup> Standard. TB is common disease among the tribe. Commission desired that toilets be made for those who are without it. It suggested that land be given for growing vegetables. People of Virhor community were found mal-nourished. Commission advised the state authorities to provide protein-rich food, more Aanganwadi

Kendras opened and also bus service improved.

## **Karnataka**

Commission alongwith Secretary, SJ&E visited Handijogi community in Ismailnagar (Tumukr Dist.) in June, 2015. Handijogis are nomadic and included in SC Category. This colony was established 40 years ago and is still unauthorised. As a result, no basic facilities like water, power and toilet facilities have been provided. Many of the members have no caste certificate. Aadhaar Cards have already been issued and senior citizens are getting old age pension. Their main source of livelihood is pig-rearing and rag-picking.

Commission also went to Shakunagiri Gollara Hatti of Tiptur Taluk in Tumukut Dist. to interact with Golla community. Gollas are Nomadic Tribes and are included under the OBC Category. This village is situated in the floodplain of Hemavati River. Main occupation is agriculture and sheep rearing. This community has 4% reservation in education. People are well aware of the Govt. schemes. Education facility to this community is good. There are some graduates also in this village.

Commission further visited Ashram School in Chikamagalur Dist. This school is exclusively for children from NT&SNT communities. There are four such schools in the state. NT&SNTs have 10% reservation in the Morarji Desai residential schools for OBCs. The school has classes from I to V. The strength of school is 100. Government provides free boarding, lodging facility including uniform, stationary and education.

Commission also visited Kethamaranahalli village of the Golla communities in Chikagalur Dist. Gollas are included under NT&SNT communities and are classified by the Government in OBC Category. They have been staying in this village for more than 200 years. Some families have problems of housing, landlessness and toilet facilities. The villagers are well aware of Government schemes and are already availing benefits. The main occupations of the villagers are agriculture and sheep rearing. They grow raggi, paddy and in some places sunflower. There is a primary school in the village. The nearest high school is two kilometre away.

## **Madhya Pradesh**

Among the numerous representations, one was received in June, 2015 from Mr. Hartigaram of Village Lalpura, PS-Balwada, Dist. Khargon, M.P. wherein he informed that

his sheep were stolen from his courtyard by Mr. Prakash in the locality. On receipt of his representation, the Commission promptly forwarded it to the SP, Kharagon, M.P. asking him to do needful in the matter. However, the state police enquired into the case promptly and solved same within short time and also informed commission.

Among other representations one Shri Gurdip Singh Warwal, IFS (Retd.) Chief Adviser, Delhi Pradesh Raisikhs Yuva samiti requested that Raisikhs (Mahatmas) in Madhya Pradesh may be included both in SC and DNT/NT categories. Other in the state such as Naai (Barber) Samaj, Banjara Samaj, Dhangar Samaj, Nathjogi Samaj etc. have asked for inclusion in ST Category. Through another representation one wanted that Renk Commision Report may be implemented. Some have demanded that they may be provided drinking water, allotted land for housing and land for cremation and Barat Ghars and toilet are made, voter cards, ration cards, Aadhaar Cards and Caste certificates issued. Some wanted that inflated electricity bills be cut down, employment provided to the youths, bank loans waived, BPS survey conducted, schools are opened with free education and Pattas in respect of their houses are issued.

One Sikligar Samaj demanded that their settlements are frequently razed down by the Muncipal Deptt. or Police, they have no toilet facility so they have to go far to attend the natures call in open fields, snakes are found in abundance and people die of the poisonous bite since there are no hospitals around. One Chadola Samaj has demanded that they sleep on roads in the night. Also in absence of caste certificate their children are not being educated, ration issued through coupon is very little in quantity as such their children remained half-fed.

## **Maharashtra**

During November, 2015 the Commission visited several places in the state inhabited by DNT/NTs such as Nagpur, Akola, Ajan Basti, Parli, Ambejogai Rest House and Sewa Nagari etc. In Nagpur, Chairman had a meeting with the representatives of various communities of DNT/NT, Chanderpur and Nagpur districts at Guest House Nagpur. During the discussion, the community leaders have raised their problems related to reservation policy, social aspect, political involvement etc. Chairman assured them that Commission will consider their genuine problems. In another visit to Akola, Chairman called a meeting of the officers of the social welfare, child welfare and other related officers of Akola district to discuss that how the state Government is addressing issues related to development of DNT/NTs.

The discussion was focussed on the issues of Masanjogi, Gondhali, Gaay-Mebadi, Gadia-Lohar, Parthi, Banjara, Dombari, Kaikadi, Vanjari communities. The Chairman was informed that the Ashramsala were opened for students of these communities where education, lodging, boarding is free.

Commission also visited Ajan Basti, the only DNT/NT village in the area and discussed the problems and livelihood conditions with concerned communities of Brad, Vanjara, Nathjogi, Beldar etc. During the discussion the different communities put few issues for consideration such as (i) No business and employment for this community (ii) No medical facility (iii) Separate school in their area (iv) No loan facility (v) Admission problem in the Educational School, University, Institutions (vi) No employment (vii) Need of separate reservation policy (viii) Lack of livelihood facilities (ix) Poor condition of residential houses (x) 90% population depends upon traditional occupation/labour (xi) Separate department for DNT/NT. Chairman assured that he will take up with authority concerned for housing facility etc.

Another meeting was also held in the Chhatrapati Shivaji Shahu conference room of District Collectorate Office, Akola chaired by the Chairman. More than 100 representatives from Gondhli, Banjara, Nathjogi, Gadia-Lohar and various DNT/NTs communities, political leaders and Ex-Minister of State Govt. have attended the meeting. Deputy Collector Akola, Assistant Commissioner, Social Welfare Office and other District office functionaries dealing with the concerned subject matter, were also present in the meeting. The Assistant Commissioner has initiated the discussion and focussed on DNT/NT problems, like settlements, education, employment and health. It was an open house discussion on their issues.

Commission also attended a short meeting with the representatives of Vadar community at Parli. The community representatives have focussed on the need of toilets and drinking water and for this they handed over their representations to the Commission for doing needful. Commission also visited Sewa Nagari and met people of Banjara community.

Commission has also visited Tata Institute of Social Science (TISS) a team of Professors/Academicians headed by Prof. S. Parasuraman. Commission has also discussed on the research works which were already done/being done by TISS in respect of DNT/NTs. Students of TISS also gave a list of demands for DNT/NTs.

## Odisha

Commission visited Odisha in November, 2015 and met the Chief Secretary of the state. He was told about the work mandate of Commission. Chief Secretary was told, out of total about 12.5 crores DNTs in India, about 28 lakh DNTs are located in Odisha alone. Commission also enquired if there are any details of development programmes of the State Govt. in respect of DNT communities, spread amongst SC, ST & OBC and also pointed out that the last DNT Commission had missed certain issues which may now be covered by the current Commission.

In another meeting it was told that DNT/NT communities are not treated as separate category in Odisha. All are placed in ST, SC, SEBC lists, as the case may be, and are availing the benefits accordingly. Over the passage of time, the stigma of past criminality has faded out and their life style has undergone significant transformation. Commission has desired to know from the State Govt. if they are making an assessment and survey of those DNTs & NTs who have availed assistance in respect of their basic amenities such as education, health, voter registration, ration card, water supply, housing electrification, banking schemes within SC/ST./OBC groups etc. Commission also requested the state govt. to find out the figures in respect of ex-criminal tribes who were entangled in petty criminal cases under different sections of IPC and present status of those cases pending as well as disposed of. The state govt. assured that they would let the Commission know about it later.

## Punjab

Commission visited the state of Punjab and met the representatives of DNT/NT communities. DNT/NT communities in the state are only seven but their synonyms are likely to be more. Their leaders told that although most of the DNT/NT communities are included in SC, ST or OBCs categories but in real they aren't getting due benefits. They are not having BPL ration cards/caste certificates. They are socially, politically and educationally lagging behind. DNT/NTs are given 2% reservation within the quota of ST Category. Notwithstanding, they are not getting benefits out of it since they are very weak to compete others. DNT/NT communities did ask for free education. They demand that toilets be constructed, their culture flourished, a column be incorporated for DNT/NTs on the pattern of SC/ST in the next census.

Commission has asked the Secretary, Social Welfare Department, Govt. of Punjab to find out that how many Pradhans, Sarpanches, belonged to DNT/NTs in his state. Are they still treated as criminals by state police?

In Rajpura, Shri Balak Ram Sansi told that Kapadia, Bhar, Mangta, Lodha and Bagari are not placed in any category i.e. neither in SC, ST, OBC nor DNT/NTs. This is because they do hide their identity in the public due to the stigma they have been bestowed upon for being criminals in the past. However, there was a common demand that a separate schedule for DNT/NTs be carved out like SC, ST.

Commission further visited Pahar Gaon and noticed that there are 100 families of Bazigar community. They are all daily wage labourers. About 4 to 5 families resided in small homes. All the homes are built on the State's land. Commission enquired about the state Govt.'s housing scheme for DNT/NT. Officer concerned clarified that there is no extra land in the state; hence, no separate housing scheme has taken place. Commission suggested that the state government may build multi-stories buildings for them in towns and cities.

Commission also visited Basantpura village where there were 100 families of DNTs. Here, Bazigar and Gadharia communities are living and earning their livelihood. Males are daily wage labourers while women are maid servants and earn Rs. 2500/- approximately per month.

Commission further visited Mirch Mandi. There are 400 people of Deha community and 400 of Kuchbandh Community in this Basti. Commission has observed that this habitat was the worst ever and not worth living. There are no facilities for proper drinking water, roads, streets, drainage etc.

## **Puducherry**

Commission visited Puducherry in April, 2016 and discussed DNT/NTs issues with Shri Babu, Secretary, Adi Dravider Welfare Department, Puducherry. In Puducherry DNT/NT communities are called backward tribes.

As per the report of Subramanian Naidu Committee, Puducherry has 5 Backward Tribes namely Irula-56- families, Kaktunayakkan-1217 families, Malaiparaban-419 families, Yerqula-72 families and Kuruman-19 families. However, the state govt. had identified only 5 communities while Renke Commission Report mentioned 13 communities as NTs in the

state. Regarding welfare programmes and citizenship matter, the state govt. has confirmed that all have been covered. However, they were asked to cross-check same by conducting a socio-economic survey based on the questionnaire sent by Commission. It is, however, appreciated that Puducherry is the only state which has complied with our requirement which the Commission sent to them vide letter dated 12.10.2015 and subsequent questionnaire dated 21.01.2016 and the state has replied back to the Commission point-wise. The Commission was told that 1% students have been given reservation in education, hostel, jobs and professional bodies but this required further confirmation. It was also noted that Puducherry has boundary with Tamil nadu and some parts are in Kerala and Andhra Pradesh. Therefore, some DNT/NT tribes may possibly migrate to these states. However, the state govt. will conduct a thorough socio-economic survey in this regard as soon as the elections in the state are over.

## **Rajasthan**

Till now several grievance representations have been received from this state. Among them, a representation from Shri Ravinder Kumar, National President, AIDNT Welfare Sangh was received wherein he informed that Sansi Samaj was assaulted by the MC as well as the State police, Jodhpur. His representation was forwarded to the DM, Jodhpur for further enquiry and necessary action. In another representation Shri Om Prakash Banjara V&PO Sajolakalan, Dist. Pali, has complained that their locality has no basic educational facilities, as such their children remain uneducated. Further, he requested that apart from opening of schools, there should be infrastructure in place so that the aim could be completed. One resident pleaded that 'patta' needs be allotted to their residential 'basti' and also make some land available for 'Kabristan' to Singiwala community. Their representations were forwarded to the respective DMs for further action. Rajasthan Pradesh Vimukt Ghumantu Mahasangh, Tunga in Dist. Jaipur sought for merger of DNTs in ST Category for an overall development. Further, Dhangar Purbiya (Dagri) Samaj in the state has desired to be merged in OBC.

In a representation General Secretary, Raisikh Mahasabha, Sriganganagar has sought for inclusion of Rai Sikhs (Mahatams) in DNT. Also, Kalbeliya, Sindhiwal and Harizan Samaj in the state sought for allotment of land. Shri Om Prakash of Dist. Pali has requested that all sub-castes of Banjaras may be brought under one umbrella of Banjaras. Shri Mahender Kanjar of village Mahuakhurd, Dist. Bhilwada sought for implementation

of Renke Commission Report instead constituting so many Commissions. One Shri Jagdish Singh, Counsellor, BJP, Gokul Nagar, Kachchi Basti, Bharatpur has stated that State Govt. may declare Gokul Nagar as Kachchi Basti so that development works take place.

## **Tamilnadu**

Shri M. Sethupathy, President, Tamilnadu, DNT Welfare Association, Erode Dist. has sought for creation of special category for reservation of Kuravan Caste in Tamilnadu which was further forwarded to Chief Secretary, Govt. of Tamilnadu, Chennai for further action.

## **Telangana**

Through numerous representations received from this state, the Commission came to know about the problems of DNT/NT people here. One of the Associations in the state has sought for recognition of NT/DT/SNTs in Telangana. Mandula Caste has desired for inclusion in ST while some demanded that Jangama/Jangam may be shifted from OBC to NT. Telangana Od caste Welfare Society wanted that Od community in Telangana be considered as BC Gr-A on par with Odde community in the state. Bail Kammatra (Ghisadi), Sancharajatulu Kunapuli, Dommatras, Medari, Mahiendra, Gangirdeddu, Bagothula, Sanchatra Bauil Kammatra (Ghisadi) have sought for inclusion in ST Category.

Several DNT/NTs community have sought for allotment of 2-bedrooms permanent settlements, educational reservation, scholarships schemes, old aged pension, widow pension, loan facility, good power & water supply etc. Another Gautgrakulam caste in the state, too, sought for issue of OBC certificate, and other facilities. Tolubommalata, Faqirs from Muslim minority community, Holiadasarloo, Beda (Budaga) & Pichchikuntla have sought for socio-economic help from the Govt. for their overall development. Vadde, Vadda, Vaddera castes sought for shift from OBC to DNT. Valmiki caste sought for their identification as DNT.

Nomadic in Telangana desired to be identified as DNTs. Veerabhadreeya sought for inclusion in DNT. Desari, Kumkuma Varthakulu, Bukka Vartkullu, Bukka Vartkullu, Beggars, Kakthputli players, Street Artists, Coolies, Dramatists placed in BC Category in the state are not getting benefits of BC Category, hence, they sought inclusion in DNT. Gotharalla community demanded for issue of OBC certificate, free higher education, special reservation, special quota, allotment of pukka houses, pension for folk artists, and allotment of

agriculture land for each family, interest free loans and ration cards. One of the associations have sought for reservation on par with SC, ST brothers, separate DNT Commission be constituted in the state, special reservations for political seats of MLA, MP be made, special hospital for pregnant women, ladies, children opened, ex-gratia for injured and dead workers in mines, separate budget for development of DNT people allotted. DNTs that are not included in SC, ST or OBC may now be placed in separate DNT list. Instructions be given to police to not harass the DNT/NT people.

## **Uttar Pradesh**

Commission visited Kanpur and met officers of Social Welfare Department. It also visited Kanpur Nagar, Rajkiya Unnayan Basti inhabited by Babura and Bhantu - the Nomadic Tribes now settled in this Basti. These NTs foremost demand was that the State Government intended to displace them from their Basti due to a metro project already underway. Commission has also visited the Ashram School, Hostel and the Mess being run for NDNT/NT students.

Commission, visited Mahoba and Hamirpur Districts in Bundelkhand. Commission further met officers and community leaders, who had come to meet the Commission. They discussed about the drought and the Anna Pasu problems of Bundelkhand region. Commission also participated in the Krantiveer Vimukat Jan Sammelan in 'Supa' village in Dist. Mahoba, U.P. It further visited Saharia, Gadia Lohar Communities.

## **Uttarakhand**

Commission visited the state and met the officers of the Departments of Social Welfare and Tribal Affairs in the state's capital Dehradun. It also visited the Gadia-Lohar community and discussed many DNT issues with its leaders. Commission has also participated in the Maharana Pratap's 477<sup>th</sup> birth centenary celebrations organized by Gadia-Lohar community in the capital. Meanwhile, Commission has also received few representations from state. Among them, one Shri Dharambir Singh, President, Vimukat Jati Samiti, Alipur, Bhadarabad, Haridwar has requested Commission to interfere in the matter of Ashram Riti Vidyalaya, Saharanpur so that irregularities and corruption in respect of its vacation which being carried out, is stopped. Further, Shri Gurdip Singh Warwal, IFS (Retd.) has forwarded Ethnographic Study material (containing 50 pages) regarding DNT/NTs in Uttarakhand State.

# Analysis of Grievances Received from Various States

Several grievances came to the notice of the Commission through the representations received from the States/UTs. In most of the representations, DNT/NTs people/communities have apprised Commission that they have no drinking water and electricity available. Some stated that they have no house to live in, no road and no schools for education. They wished that there may be free education for their children. In higher classes, hostels be made available for their children. Many stated that they have no toilets, as such, they go to open fields to attend the nature call. Some said that they don't have job in hand since they are not educated, this is why, their children remain half fed. Many DNT/NT communities have no dispensaries/hospitals around their hut/settlements.

2. In other representations the DNT/NT people have mentioned that due to the stigma of Criminals bestowed upon them in past, they are still treated criminals and tortured by the local administration and police. Even today police suspect them for no fault of theirs. It came to the notice of the Commission that unlawful elements harass them for no reasons yet the police don't support them. They are helpless and living a miserable life. In some cases, their settlements are forcibly removed while in one of the cases their settlement was removed since a metro project is currently underway. Their request for alternative arrangements was not heard by the administration.

3. People from Nomadic Tribes have stated that since they are on move frequently, they do not have a permanent settlement. As a result, they are not issued Ration Card, Aadhar Card, BPL Card etc. and hence they are not getting benefits under the Govt. welfare schemes. Because of the identity proof their children are not getting admission in schools so remain uneducated.

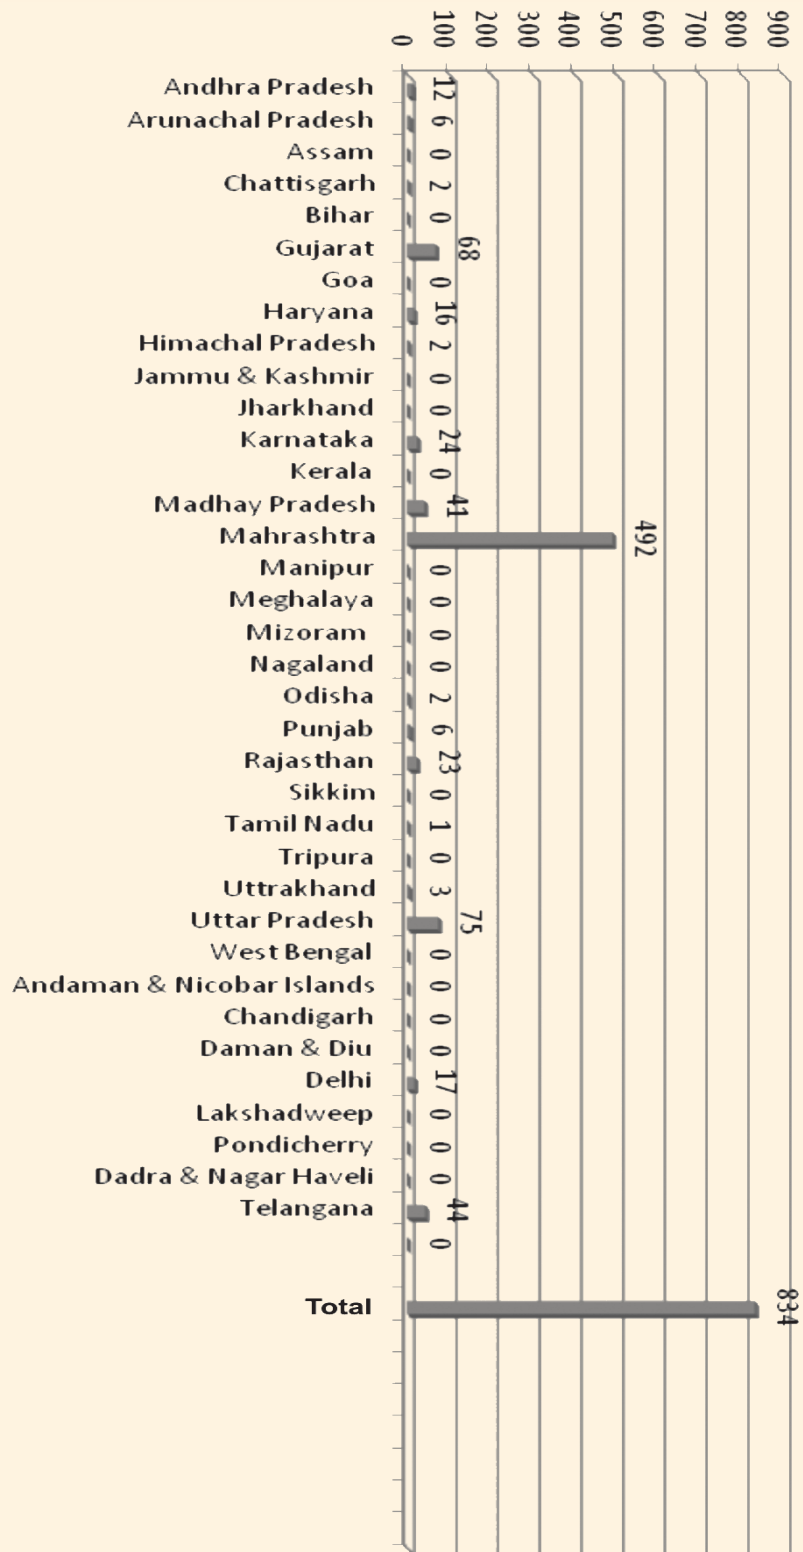

4. Some look up to the Commission in anticipation that it may recommend to the state/UT governments for granting free land to them to enable them make the 'pucca' houses with 'patta' etc. There are few others who have requested the Commission to get them exemption as DNT/NTs from normal rules and regulations of the State/Centre Govts. in order to allow reservation to their children so that they could compete examinations/ tests with others.

5. A number of DNT/NT people wished that they may be included in ST Category. There are very few who wanted to be included in SC Category, while negligible numbers have asked for inclusion in OBC. However, many of them said that there needs to be a new category in place, carved out in the name of DNT/NT and those who are still nowhere and not already placed in any of the Categories (SC, ST and OBC), may now be placed in DNT/NT Category.
6. Some also suggested to Commission that all the DNT/NTs people may be taken out of SC,ST and OBC Categories and placed in separate 4<sup>th</sup> Category called DNT/NT Category with 10% reservation (taken out of total 49.5% reservation proportionately).
7. Through the representations several people of DNT/NT communities have conveyed their demands to the Commission. Many wanted that there should be a permanent commission for DNT/NTs. There are many who wanted that Renke Commission Report may be implemented instead of constituting Commission after Commission.
8. At present, what the Commission does best is that it forwards majority of the representations to the competent authorities in the State/UTs such as Chief Secretary, Secretary, Dist. Collectors, Police authorities etc. for favourable action. Some of their requests are kept with Commission for future course of action.
9. In the present scenario, all representation received are seriously deliberated at the Commission. Since the mandate of the Commission is to identify the DNT/NTS and prepare a list of theirs in the State/UTs and also to find out their habitats where they are living, the status of inclusion in SC,ST &OBC and initiate inclusion in relevant categories as per the modalities prescribed and to review the progress of development, identify issues and finally suggest appropriate measures/recommendations to the Govt.
10. Commission has no direct powers to meet the requirements of the DNT/NT people what they expect of it. What it does best is that it forwards their representations to the competent authorities in States/UTs with recommendations with the request to inform back to Commission of the outcome. There are few cases where the State authorities have acted fast on our recommendations. But this is not enough in terms of mandate given to the Commission.
11. Presently, there are two lists in vogue one State List at state level and another Central List at the Central Govt. level. Under State List, the states are powered to make/enact rules/regulations while under Central List, Central Govt. is powered to make/enact

rules. In this system two different policies are followed simultaneously and lacks similarity causing ambiguity and confusion altogether.

12. Here is a case in point to be narrated that in U.P. State Rajput caste is placed in ST Category for the purpose of reservation in education and jobs to the children of DNT people but on the other hand institutes like IITs and AIIMS etc. do not agree with such state policy and hence asked such students to get same confirmed from Govt. of India stating that they are part of ST Category. It was referred to the MoHRD, Govt. of India.

Grievance Received as on 08.06.2016

## Conclusion

DNT/NTs people should be assured that at least their basic needs such as housing, drinking water, food, electricity, schools, roads, cleanliness, toilets, ration card, aadhar cards, BPL card etc. are met with. DNT/NTs communities are thoroughly visited and their identity is traced in order to recommend them for inclusion in SC,ST and OBC Category. Of course, many communities are asking for a separate schedule called DNT/NT. Commission may also like to recommend to the govt. of India that a permanent commission may be constituted for the purpose which may take care of these communities/tribes independently on regular basis.

Several more suggestions/recommendations in respect of DNT/NTs people may come to the notice of the Commission which after thorough deliberations will be examined for suitable suggestions to the Government.

# ANNEXURES

**Annexure-1**

**LIST OF COMMUNITIES VISITED/MET**

<b>S.No.</b>	<b>State</b>	<b>District</b>	<b>Name of the Community</b>
1.	Andhra Pradesh	Hyderabad, Kurnool, Ananathapuram	Gondhali, Kakri, Banjara, Gosawi, Vadar, Vasudev, Joshi, Pusala, Vamasaraj, Mondivaru, Budega/Beda Jangam

*It will be interesting to note that this 'basahat' in Meghraj taluka in Gujarat was inaugurated by the then Chief Minister (Now Hon'ble Prime Minister Shri Narendra Modi) as early as 2004, before the setting up of any Commission for DNT/NT.*
