- vii) All candidates who are found suitable based on the qualifications and the psychometric test would be communicated to the Training Institutes on the PM-DAKSH portal automatically.
- viii) The Training Institutes will have to fix the date for starting the training programme; and based on that communications will automatically go to all the candidates who opted for the training.
- ix) On the date of the commencement of the training programmes for Short Term Training and Long Term Training, the first instalment of 30% would be released by the implementing agency (NSFDC/NBCFDC/NSKFDC) to the TIs through an online process. The second instalment of 40% for STT and LTT will be released on successful certification and the remaining 30% will be released on employment/placement verification.

In so far as EDP and upskilling training programmes are concerned, since they are of very short duration, funds will be released in two equal instalments of 50% each. 1st instalment will be released on commencement of training programme and 2nd instalment will be released on completion of training which include assessment and certification of training programme.

Stipend payment will be extended as a post training support to the candidates through DBT who have the requisite 80% attendance.

The stipend payment would be automated based on the attendance recorded on the portal, without any manual intervention. The payment shall go through an online process from the implementing agencies using PFMS/DBT into the account of the candidates.

- xiii) On completion of the training programme, the training agency should enter the date of the examination/assessment on the PM-DAKSH portal, along with the results obtained against each candidate.
- xiv) This would enable releasing of the second instalment automatically and without any manual intervention.
