1. If the bidder is a Micro or Small Enterprise as per latest definitions under MSME rules, the bidder shall be exempted from the requirement of "Bidder Turnover" criteria and "Experience Criteria" subject to meeting of quality and technical specifications. If the bidder is OEM of the offered products, it would be exempted from the "OEM Average Turnover" criteria also subject to meeting of quality and technical specifications. In case any bidder is seeking exemption from Turnover / Experience Criteria, the supporting documents to prove his eligibility for exemption must be uploaded for evaluation by the buyer.
2. The minimum average annual financial turnover of the bidder during the last three years, ending on 31st March of the previous financial year, should be as indicated above in the bid document. Documentary evidence in the form of certified Audited Balance Sheets of relevant periods or a certificate from the Chartered Accountant / Cost Accountant indicating the turnover details for the relevant period shall be uploaded with the bid. In case the date of constitution / incorporation of the bidder is less than 3-year-old, the average turnover in respect of the completed financial years after the date of constitution shall be taken into account for this criteria.
3. Years of Past Experience required: The bidder must have experience for number of years as indicated above in bid document (ending month of March prior to the bid opening) of providing similar type of services to any Central / State Govt Organization / PSU / Public Listed Company. Copies of relevant contracts / orders to be uploaded along with bid in support of having provided services during each of the Financial year.
4. Estimated Bid Value indicated above is being declared solely for the purpose of guidance on EMD amount and for determining the Eligibility Criteria related to Turn Over, Past Performance and Project / Past Experience etc. This has no relevance or bearing on the price to be quoted by the bidders and is also not going to have any impact on bid participation. Also this is not going to be used as a criteria in determining reasonableness of quoted prices which would be determined by the buyer based on its own assessment of reasonableness and based on competitive prices received in Bid / RA process.
5. Past Experience of Similar Services: The bidder must have successfully executed/completed similar Services over the last three years i.e. the current financial year and the last three financial years(ending month of March prior to the bid opening): -
 1. Three similar completed services costing not less than the amount equal to 40% (forty percent) of the estimated cost; or
 2. Two similar completed services costing not less than the amount equal to 50% (fifty percent) of the estimated cost; or
 3. One similar completed service costing not less than the amount equal to 80% (eighty percent) of the estimated cost.

1. INTRODUCTION

The Ministry of Social Justice & Empowerment is entrusted with the welfare, social Justice and empowerment of disadvantaged and marginalized section of the society viz. Scheduled Caste, Backward Classes, Persons with Disabilities, Senior Citizens, and Victims of Drug Abuse etc.

The aim of floating the RFP is to get an overall proposal from the existing Indian Service Providers in the Indian market for setting up of Central Smart Surveillance Unit (CSSU) with Artificial Intelligence Enabled Unified IT Platform for Automated AI-enabled Activity & Attendance Monitoring and Real-Time Data Analytics & Reporting (AIAAMDAR) for monitoring of presence & activities at approximately 1300 GIA Institutions of Department of Social Justice & Empowerment with zero/ minimum manual intervention. The system should facilitate automated monitoring 24x7x365 in hybrid format i.e., through multiple types of input sensors such as, hand held devices and CCTV cameras.

5.	Earnest Money Deposit (EMD) in the form of Demand Draft	INR 10,00,000/- (Indian Rupees Ten lacs only)

Note: No EMD to be taken from exempt category of sellers even by way of specific clauses mentioned in ATC / STC by the Buyers. Such clauses which are against the GeM GTC, will be treated as null and void.

2. OBJECTIVE

The purpose of this document is to outline the broad scope of work for setting up of CSSU with AIAAMDAR for analytics and monitoring of Grant-in- Aid Institutions of Department of Social Justice and Empowerment. The application will utilize the AEBAS-API for daily activities and will include drill-down and in-depth analytics features to identify irregularities if any and ensure compliance of scheme guidelines.

Department of Social Justice & Empowerment (DoSJE) is going to establish a CSSU with AIAAMDAR for automated intelligence-driven monitoring of attendance of beneficiaries/inmates/residents/staff and their presence for the duration as desired/provided in the scheme guidelines which would reduce irregularities on the part of GIA Institutions with minimum manual intervention. In case of any irregularity indicated by the system, same to be further probed via CCTV footage that would allow effective monitoring of the GIA institutions on real-time basis.

3. SCOPE OF WORK

Department of Social Justice & Empowerment proposes to setup CSSU with AIAAMDAR at its approximately 1300 GIA Institutions as per the detailed project work scope requirement.

It may be noted that AI based monitoring of performance of Grant-in Aid Institutions in association with AEBAS system developed by NIC would have to be done. Rules of MeitY/NIC are needed to be abided. Certain permission would be obtained by the Department

The AEBAS application, which uses AI to record attendance, has been developed by NIC, MeitY for grantee institutions.

A separate tab for creating credential for all Grant-in-Aid institutions in existing AEBAS platform will be developed through NIC/MeitY on request by the Department. Simultaneously, all Grant-in-Aid institutions will be instructed to buy at least two biometric devices that are compatible with the AEBAS application from the device list given by the AEBAS team of NIC.

GIA Institutions are to ensure that there is no failure in recording attendance and attendance is recorded as per directions (eg. Upon entry/exit, 2-3 times a day). The AEBAS team of NIC will also provide the guidelines for installing, configuring and using these devices. The attendance reports for all GIA institutions will be generated by the AEBAS application.

NIC & AEBAS team will train the PMU team for installation, configuration and handling of AEBAS device. PMU team of the Department will support the GIA institutions for installation and registration of the hand-held devices on AEBAS application.

The primary objective of this project is as follows:

- To develop a web application that integrates with the AEBAS API to fetch the attendance record of all GIA institutions and registers the application on the Aadhaar developer portal and obtain the necessary credentials and

certificates.

- To design and implement an analytics module that allows Department to monitor and analyze task progress, outcomes, and impact, by using the following steps:
 - Define the key performance indicators (KPIs) and metrics that want to measure and track tasks, beneficiaries, and interventions.
 - Choose a suitable data analysis and visualization tool.
 - Connect data sources, for web application database, surveys, reports, etc., to choose tool and create dashboards and reports that display the relevant information.
 - Provide filters, slicers, and drill-down capabilities to enable users to explore detailed information about specific tasks, beneficiaries, and interventions.
- To ensure scalability, performance, and security of web application and its data storage, with these steps:
 - Implement security measures such as encryption, authentication, authorization, firewall, SSL/TLS certificates, etc., to protect web application and data from unauthorized access or malicious attacks.

4. CENTRAL SMART SURVEILLANCE UNIT (CSSU)

The Department of Social Justice & Empowerment has announced a new initiative to enhance the monitoring and surveillance of its GIA institutions across the country. This initiative envisages setting up of a CENTRAL SMART SURVEILLANCE UNIT (CSSU) with (AIAAMDAR) to improve the productivity of GIA institutions and their staff. This CSSU will be setup in National Institute of Social Defence, Sector -10, Dwarka, New Delhi

The system will enable real-time monitoring of GIA Institutions from a central location, ensuring effective and efficient management of the monitoring aspects.

5. AADHAAR ENABLED BIOMETRIC ATTENDANCE SYSTEM (AEBAS)

AEBAS is an attendance management system designed for government organizations by the Government of India. The system authenticates attendance using Aadhaar number created by Unique Identification Authority of India (UIDAI).

It is a cloud-based biometric attendance system that continuously tracks the attendance in real time. The Aadhaar Enabled Biometric Attendance System (AEBAS) uses the Aadhaar number issued by the Unique Identification Authority of India to verify the person's identity. The biometric time and attendance tracking system known as AEBAS is connected to the Aadhaar verification process.

6. AADHAR BASED AUTHENTICATION

Aadhaar based facial attendance system is a type of biometric attendance system that uses the face recognition technology to verify the identity of a person using their Aadhaar number, which is a unique 12-digit identification number issued by the Unique Identification Authority of India (UIDAI).

The system is designed to improve the efficiency and transparency of the attendance management in various places. The system works by capturing the face image of a person using a camera/tablet/Hand held device, and then matching it with the Aadhaar database using an internet connection.

The system also records the date, time and location of the attendance, and displays the result on a screen or sends it to a server. The system can also generate various reports and statistics on the attendance data.

7. DASHBOARD ANALYTICS

Role based dashboard for monitoring and accessing the attendance data:

- A role-based dashboard is a web interface that allows different users to view and manage the data according to their assigned roles and permissions.
- The dashboard can display various metrics and reports related to the attendance data, such as attendance rate, absenteeism, tardiness, overtime, leaves etc.
- The dashboard can be customized and configured to suit the needs and preferences of different users and roles.
- Monitor multiple centers in real time from one central location. This will help to manage the monitoring aspects of department more effectively and efficiently.
- This system lets keep an eye on multiple centres at once from a single location. Department can easily and quickly manage the monitoring aspects of operations with this system.
- This system gives the ability to analyse multiple centres simultaneously from one location. This will be able to manage the monitoring aspects of activities more effectively and efficiently with this system.
- System should be able to fetch attendance information from Grant-in Aid Institutions and populate on e-anudaan portal through API integration. e-Anudaan team will provide a format with necessary field details.

The following manpower will be required in CSSU:

- Project Manager (01): The manager can view all the attendance data as well as create, modify and delete other users and roles.
- Data Analyst (04): Data Analysts can view the attendance data of GIA Institutions and can also generate and export reports and charts.

8. Real-Time Data Reporting Analytics

- Reports as per predefined parameters & Indicators.
- Facility to Add / Edit project-based indicators.
- Reports can be downloaded in PDF, CSV, Excel formats or another Machine-readable format.
- View dashboard-based data summary & statistics based on relevant authority.
 - View attendance logs of relevant staffs, inmates.
 - Customizable Reports can be downloaded which should be able to crisply identify centers/users for which supplementary monitoring would be essential on requirement basis. Configurable parameters for this shall be identified by the department and fed into system as per applicable rules.
 - Provision for entering Login and password details for dashboard access.
 - Data uploaded will be displayed in the form of Intuitive Dashboards and Analytical Reports:
 1. Live Pie Chart
 2. Real Time Line Chart
 3. Interactive Bar Graph
- System will collect, process, and display data from various sources in real-time
- Enables faster and more accurate decision making based on current and historical data trends
- Provides interactive dashboards, charts, graphs, and tables that can be customized and filtered according to user preferences
- Supports multiple data formats, such as structured, unstructured, streaming, batch, etc.
- Integrates with various data sources, such as databases, APIs, sensors, web services, etc.
- Ensures data quality, security, and privacy by using encryption, authentication, validation, and backup mechanisms
- Scalable, reliable, and cost-effective solution that can handle large volumes and velocities of data.

9. TECHNOLOGIES

The preferable technologies are Open Source. The hosting will be on MEITY Empanelled Cloud

10. SECURITY

- Authentication is required for using Dashboards.
- Audit trail should be available for all successful and unsuccessful log in attempts on the website with time, IP address etc.

- Security Audit will be done by CERT-In empanelled agencies.

11. COMPLIANCE

Ensure compliance with Accessibility guidelines as per GIGW, WCAG 20 and W3C guidelines.

12. DELIVERABLES

Following are the required deliverable for the project

- AI analytics dashboard
- Source Code & User Manual
- Onsite Manpower Required (5)
- LED Screen (Video Wall) with 4 nos. of 65 inch 4k LED display with 3 year Warranty/AMC support

***NOTE:** The space for the setting up of surveillance room will be provided by the Department.

13. Instruction to Bidder

- Bidders are advised to study all instructions, forms, terms, requirements and other information in the RFP documents carefully. Submission of bid will be deemed to have been done after careful study and examination of the RFP document with full understanding of its implications.
- The response to this RFP should be full and complete in all respects. Failure to furnish all information required by the RFP documents or submission of a proposal not substantially responsive to the RFP documents in every respect will be at the Bidder's risk and may result in rejection of its proposal and forfeiture of the bid EMD.

14. Performance bank guarantee (PBG)

Within 15 days of the selected firms being intimated about their selection they are to submit a Performance Bank Guarantee of amount to 3% of total amount in the form of unconditional, unequivocal and irrevocable Bank Guarantee (BG) from any Commercial Indian Bank and valid for 3 years and any applicable extension periods as may be mutually accepted. The EMD submitted as security will be discharged after the receipt of the Performance Bank Guarantee from the selected bidder. PBG should remained valid for 60 days beyond the contract period.

15. Indemnity

- The Buyer stands indemnified of all legal obligations, past/present/future, of the service provider with its professionals/resources deployed to Buyer.
- The Buyer stands absolved of any liability on account of death or injury sustained by the staff deployed by the Service Provider during the performance of the contract and also for any damages or compensation due to any dispute between the Service Provider and its staff so deployed.
- The Service Provider will indemnify Buyer of any infringement of third-party rights under the Patents Act or the IPR.

16. Confidentiality

The Service Provider and their deployed personnel will not, either during the term or after expiration of this contract, use, sell, disclose any proprietary or confidential information relating to the software, services, contract or business or operations of Buyer or its clients without the prior written consent of Buyer. The agencies have to sign the Non-Disclosure Agreement with Buyer.

17. Security

- The Service Provider will ensure that no information about the software, hardware, database and the policies of the client organization is taken out in any form including electronic form or otherwise, by the manpower posted by them.
- The Service Provider or its deployed personnel, by virtue of working on Buyer's projects, can't claim any rights on the work performed by them. Buyer /Client will have absolute rights on the work assigned and performed by them. Neither any claims of The Service Provider nor its deployed professionals will be entertained on the deliverables.

18. Time-Frame for the AI Dashboard Development

22. Financial Bid Format

The Bidders shall submit financial bid as per Annexure – 4

In the financial bid format, the rate shall be quoted in Indian Rupees in figures and words in case of discrepancy between the rate quoted in figures and words, the rate quoted in words will be taken as final and shall be binding on the agency

For Table 1, bidder shall quote prices inclusive of all resources, licenses, software etc.

The bidder should quote for the entire tender as a package and the comparative statement will be made as per package only.

- The bidder should quote for the entire tender as per the given tender specification. Bidder who does not quote for all the specifications, as per the given tender specification, is subject to disqualification.

23. Evaluation of Bid

Bidders must satisfy the Pre-Qualification Criteria for their bids to be eligible for Technical evaluation

Financial proposals of only those companies who are technically qualified shall be opened on the date & time specified in the presence of the Bidders' representatives who choose to attend. Department will use Cost Evaluation under **Combined Quality Cum Cost Based System (CQCCBS)**, the technical part will be allotted weightage of 70% of the total while the financial part will be allotted weightages of 30%. Total score, both technical

and financial, shall be obtained by weighing the quality and cost scores and adding them up using the formula given below:-

$$\text{Overall Score} = \frac{\text{Technical Bid Score}}{\text{Score of Best Technical Bid}} \times 70 + \frac{\text{Price of lowest Financial Bid}}{\text{Price of Financial Bid}} \times 30$$

During the process of evaluation of the Proposals, Department may, at its discretion, ask Bidders for clarifications on their proposal. The Bidders are required to respond within the prescribed time frame.

In case, two or more parties get equal marks after evaluation, then the bidder with lower financial bid may be considered for award of the contract.

24. Bid evaluation methodology

- Only those proposals meeting the pre-qualification criteria as specified in bid document will be evaluated as per the parameters mentioned above.
- The technical bids shall be evaluated by a duly constituted Technical Evaluation Committee (TEC).
- If there is only one bid, DoSJE reserves the right to process the single bid or take recourse to the process of re-tendering.
- On request from the TEC, the bidders may have to submit additional information. However, that would not entitle the bidder to change or cause any change in the substance of the tender submitted.
- During evaluation of proposals, DoSJE may, at its discretion, ask the bidders for written clarification of their Technical Proposals.
- The TEC shall call the eligible bidders for a presentation of the projects handled by them and quoted here. The time limit, in which the bidder's have to submit the additional information or present their projects, will be decided by the TEC and its decision will be final in this regard. Bidders failing to adhere to the specified time limit will be rejected.
- The first process for the TEC is to examine the eligibility of the bidders as per the tender specifications. Bids of the bidders, not satisfying the eligibility criteria shall be rejected.
- Each Technical Bid will be assigned a technical score out of a maximum of 100 points. Bidders with technical score of 70% and above will qualify for the evaluation in the commercial process.
- The technical score would be normalized on a scale of 100, with highest score being normalized to 100 and the rest being awarded on a pro-rata basis. Such normalized scores would be considered for the purpose QCBS based evaluation, explained.

25. Commercial/Financial Bid Evaluation

- The Commercial bids of only those bidders who qualify in the technical

evaluation will be opened. All other Commercial bids will not be opened. The Commercial bids of the technically qualified bidders will be evaluated as per the evaluation criteria mentioned below:

- The lowest evaluated Financial Proposal (Fmin) will be given the maximum financial score (Fn) of 100 points. The financial scores (Fn) of the other Financial Proposals will be computed as per formula for determining the financial scores given below:

$F_n = 100 \times F_{min} / F_b$, where,

F_n = normalized finance score for the bidder under consideration
F_b = absolute financial score for the bidder under consideration
F_{min} = minimum absolute financial score obtained by any bidder

- The cost indicated in the Financial Proposal shall be deemed as final and reflecting the total cost of services. Omissions, if any, in costing any item shall not entitle the agency to be compensated and the liability to fulfil its obligations as per the Scope of Work within the total quoted price shall be that of the bidder.

26. Final Bid Evaluation based on QCBS

- Proposals will be ranked according to their combined technical (Tn) and financial (Fn) score using weights.
- The Final Composite Score (S) shall be computed for each firm by assigning 70% weightage to the Technical Score (Tn) and 30% weightage to Financial Score (Fn) using the formula given below:
- $S = T_n \times 0.7 + F_n \times 0.3$ (rounded off to 2 decimal places)
- Bidder with the highest final composite score will be called for negotiating the contract. In case of a tie in the final composite score, the bidder with the higher Technical Score will be invited for negotiations and selection first.
- The bidder achieving the highest combined score will be invited for negotiations. In case the Selected Bidder fails to reconfirm its commitment, the Authority reserves the right to designate the next ranked Bidder as the Selected Bidder and invite it for negotiations.
- The selected bidder has to deploy the manpower within 7 days of finalization of contract.

27. Payment Terms and Conditions

- All payments shall be made in Indian Rupees (INR).
- Applicable service tax/ GST/ any other tax would be paid as per the prevalent rates on the date of invoicing.
- The payment would be done at the end of every quarter in arrears on the basis of actual number of resources deployed during the period of the invoice.

- The bill/invoice for the services rendered must be furnished by bidder in 3 original copies, as per the terms and conditions contained in this document
- Department shall consider and approve the invoices and the related deliverables/ milestone based on its approval process prior to release of payment

Penalty:

Penalty for Exit/Replacement

- Resources once assigned for the project shall not be normally replaced during the tenure of the project. In case of any replacement of resources, the agency will make such replacement with the consent and after due vetting of the Department. Further, to facilitate knowledge transfer, the bidder will ensure that there is at least 15 days overlap between the existing resource and the replacement resource. Any delays in the project on account of replacement of any kind shall solely be the responsibility of the vendor. The decision of Department will be final and binding in the matter of replacement of resources or placement of additional resources.
- In case of failure to meet the standards of the Department, (which includes efficiency, cooperation, discipline, integrity and performance) bidder may be asked to replace the resource without any penalty for replacement/exit.
- The payment for replaced resources will be made as per the man month rates quoted/agreed by the bidder. However, if the replaced resource found to be incompetent, no payment will be made by Department. Payment for the replaced resource will take effect only from the day of the approval from the DoSJE.

28. Pricing/Payment Terms:

- Payment will be made as per terms & conditions of DoSJE milestone basis.

After this Department will have the right to cancel the work order and thereafter has the right to complete the pending work order through alternate source at the risk and cost of the defaulting bidder.

31. Penalty Clause:

Any delay on the part of the vendor shall attract a penalty at the rate of 2% of the delayed milestone per week of delay subject to a maximum of 20% of the work order value. In case of in- ordinate delays, Department reserves the right to get the work done through alternate sources at the cost and risk of the defaulting vendor which will be realized from pending payments of the selected vendor/agency.

32. Department Right to Terminate the Process:

- This tender does not constitute an offer by Department. The bidder's participation in this process may result in Department selecting the bidder to engage in further discussion and negotiations onwards execution of a contract, if necessary. The commencement of such negotiation does not, however, signify a commitment by Department to execute a contract or to negotiations. Department may terminate negotiations at any time without assigning any reasons.
- Department may terminate the tender process at any time and without assigning any reason. Department makes no commitments, expressed or implied that the process will result in a business transaction with anyone.
- Department without prejudice to other rights or remedies, may terminate immediately, the contract forthwith in the following circumstance by giving written notice of termination and its reasons thereof to the bidder:
