

(Effective from 15.07.2020)

**1. BACKGROUND**

This scheme for construction of hostels is one of the means to enable and encourage students belonging to Scheduled Castes (SC) to attain quality education. Such hostels are immensely beneficial to the students hailing from rural and remote areas of the country. While the scheme of construction of hostels for SC girls is in operation from the Third Five Year Plan (1961-66), the same for boys was started with effect from the year 1989-90.

**2. OBJECTIVES OF THE SCHEME**

The primary objective of the revised scheme is to attract implementing agencies for undertaking construction of hostels, especially for SC girls, towards the broader vision of containment and reduction of their dropout rate. The other objectives are:(i) having a girls/ boys hostel with a capacity of 100 seats, in every block headquarters of low literacy districts not having one as of now, by way of priority, (ii) repairing and proper maintenance of hostels, and (iii) having an effective mechanism for monitoring, review, etc.

**3. IMPLEMENTING AGENCIES AND THEIR ELIGIBILITY**

3.1 The scheme is implemented through the State Governments, Union Territory Administrations and the Central & State Universities/ Institutions. These implementing agencies are provided eligible central assistance as per provisions of the scheme, for fresh construction of hostel buildings, for expansion of the existing hostel facilities and for periodic repair and maintenance of the hostels constructed under this Scheme.

3.2 The proposal for construction/ expansion/ repair & maintenance of hostels by State Universities/ Institutions shall be submitted to the respective State Government/ UT Administration who, in turn, would forward the same along with their recommendations to the Department of Social Justice and Empowerment, Government of India for release of grants-in-aid as per provisions of the Scheme.

3.3 Likewise, the proposal of Central Universities/ Institutions shall be submitted to the Ministry through their Administrative Ministries/Departments along with their recommendations for release of grants-in-aid under the Scheme.

**4. LOCATION AND SCOPE OF HOSTELS**

4.1 While sanctioning hostels, priority maybe given to areas having concentration of SC population of 15% and more, and without adequate hostel facilities for SC students. Preference will be given to integrated hostels (part of established educational institutions) over stand-alone hostels.

4.2 State Governments, while selecting schools for construction of hostels will give priority to top performing Government schools not having any hostel at present.

4.3 In case of girls, the hostels will be located in areas having low SC female literacy. The girls hostels will be constructed in close vicinity of the educational institution.

4.4 Focus will be given on construction of hostels for middle and higher secondary levels of education. However, hostels can also be constructed under the scheme for college and university levels of education.

4.5 The construction of boundary walls, two rooms set quarter for hostel wardens and one room set for Chowkidars/ Lady Guards would be an integral part of the scheme.

## **5. RESPONSIBILITY OF THE CENTRAL GOVERNMENT**

5.1 The Central Government will provide eligible central assistance to implementing agencies as per provisions of the scheme, both for fresh construction of hostel buildings and for expansion of the existing hostel facilities.

5.2 The Government will also provide admissible grants to the eligible implementing agencies for repair and maintenance of operational hostels sanctioned under the scheme, once in five years after operationalization thereof.

## **6. RESPONSIBILITY OF THE STATE GOVERNMENTS/ OTHER IMPLEMENTING AGENCIES**

6.1 The implementing agencies will provide suitable land for construction/expansion of hostels under the scheme free of cost.

6.2 While seeking central assistance, these agencies will be required to submit all the prescribed documents to the Ministry alongwith the proposals preferably by 15<sup>th</sup> Mayas per the Annexures –I & II.

6.3 The State Governments will be responsible for operationalization of the hostels constructed under the scheme and monitoring of their activities.

6.4 In case of girls' hostels, the State Governments and implementing agencies concerned will have to ensure availability of lady wardens and lady guards.

6.5 Facilities like in-house coaching, medical care, periodic health camps, IT education, sports coaching, etc. to the students may also be provided in convergence with schemes of concerned Ministries/Departments of the Centre/State.

6.6 Any expenditure on construction and repair& maintenance of hostels over and above the admissible central assistance will be borne by the implementing agencies concerned from their own budget.

6.7 As regards maintenance of the students, the expenditure may be met in convergence with schemes of concerned Ministries/Departments of the Centre/States, e.g. Pre-matric Scholarship Scheme, Post-matric Scholarship Scheme, etc.

**7. STRENGTH OF THE HOSTELS**

The capacity per hostel should not normally exceed 100 students. In exceptional cases, hostels with larger capacities (maximum upto 250 students) can be considered. Each hostel room should accommodate at least 2-3 students. No single room accommodation would be provided in the hostels constructed under the scheme.

**8. COST NORMS**

**8.1 For Construction:**

(a) The cost norms for construction/expansion of girls and boys hostels will be as under:
