DR. AMBEDKAR DOCTORAL FELLOWSHIP SCHEME

1. Background

1.1   Dr. Ambedkar International Centre, located at 15 Janpath in the heart of New Delhi, has been set-up by the Ministry of Social Justice and Empowerment, Government of India. The aims of DAIC are to promote and support high-quality research on social and economic issues by developing a national database through various studies conducted from time to time, disseminate knowledge aggregated through the research work and nurture social scientists to meet the needs of users and beneficiaries. Dr. Ambedkar International Centre (DAIC) has been envisaged to be the Centre of Excellence for study, research analysis and policy briefs in the field of Socio-economic Transformation and Buddhist Studies. The Centre works on reducing discrimination and exclusion and monitors progress towards more inclusive society. The other important areas of research which DAIC is going to take up are theory of social and economic transformation of Dr. Ambedkar, transformational and developmental aspects of Buddhism, policy review and policy advocacy and sustainable development and livelihood through various activities in the Centre. The knowledge product will not only be used to support industry and business houses, but also to back all branches related to social sciences aiming to uplift the life of people.

1.2   The Centre (DAIC) was envisaged as a Centre of Excellence which takes forward Dr. B.R. Ambedkar's philosophy and contributes in improving the lives of marginalized sections of society. The Centre is designed to promote multi-disciplinary academic, as well as practice-oriented studies and encourage cutting edge research. The Centre is designed to be a body that serves as think- tank for development of social sector, and it intends to, through research, feed and impact the policies of the Government of India. DAIC is also set up to undertake the following activities as part of the research portfolio:

      i.   To promote and support high-quality research on social and economic issues.

ii. To develop a national data base through various studies conducted from time to time.

iii. To disseminate knowledge aggregated through the research work and nurture social scientists to meet the needs of users and beneficiaries.

iv. To communicate and promote public understanding of social science to encourage involvement in research.

v. To undertake research activities which may help the Government in reviewing policies related to social welfare and social justice.

vi. To conduct research on vision, theories, principles and policies of nation building propounded by Dr. Ambedkar which have contributed in meeting the challenges of socio-economic transformation and inclusive growth.

vii. To undertake empirical research in the field of sustainable development and livelihood and to apply it for the benefit of society.

Since the inception, DAIC has made 'Socio-economic Transformation' a niche area of its research activities through lectures, internship programme, seminars, conferences and panel discussions for University students. Under the broad research area of Socio-economic Transformation, the following are priority research segments:

i. Trends and patterns of Socio-economic Transformation in Rural India
